## ACHS to try another referendum in March

by MARY FOLEY  
Lakeland Newspapers

The Antioch Community High School board of education placed another referendum on the ballot for March. This time, the school will ask taxpayers for 35 cents per \$100 of equalized assessed valuation (EAV).

During the last referendum effort, which was defeated in November, the school was seeking 27 cents per \$100 EAV. As predicted by ACHS Superintendent Robert Schley, the school board is now asking for an increased amount.

The school board had a long-range planning session last week in which they tried to determine its "philosophical position" concerning the needs of the students and the budget.

Superintendent Robert Schley, in an earlier interview, said the board would have to decide exactly how much money to ask for.

"They need to decide at this point if they can live with the current level of activity," said Schley. "If they can, the amount asked for will be lower."

According to board member Phillip Delany, the planning committee was unable to reach a consensus. Nevertheless, it appears that the board is not happy with the current level of activities provided by the school. Furthermore, the board members indicated they want to address some of the future needs of the school as well as the immediate financial concerns.

"Looking at where we are, I am willing to go to 35 cents," said Delany. "It will allow us some flexibility."

## Township to start weekly recycling

by MARY FOLEY  
Lakeland Newspapers

Beginning on Jan. 8, Antioch Township will begin a weekly recycling program. Currently, there is a bi-monthly program available.

"An agreement has been reached with Waste Management," said Antioch Township Supervisor Jim Fields. "The bi-weekly program has been working so well this past year we needed to negotiate a weekly program."

Recycling materials can be dropped off at the northern lot of Antioch Community High School on Saturdays from 9 a.m. to 1 p.m. Items to be recycled include food and beverage cans, newspapers, glass bottles and jars, plastic beverage bottles, and plastic bottles. All items must be rinsed first.

Waste Management Company cannot accept magazines, phone books, cardboard, window glass, ceramics, computer printout paper, bottle caps, pull tabs, wire or other metal, aluminum scrap or foil.

For more information or material preparation instructions call the township offices at 395-3378.

## Alliance holds its first organizational meeting

by MARY FOLEY  
Lakeland Newspapers

The Alliance for Better Government, a political action group, has made its presence known in Antioch this week by supporting 13 precinct committeemen. The goal of this group is to address quality of life issues for the changing population of Antioch.

The group, comprised of local residents, intends to form an alliance to address the response of local government officials to area concerns and support discussions and solutions to these problems. Specifically, the group's goals are to educate and share information, provide a unified voice in economic and environmental issues, ensure adequate response by elected officials, promote legislation, and support the election of those public officials who are responsive to area concerns.

According to the group's secretary, Carolyn Jonites, the formation of the

group has been under discussion for several months. The formal organization will occur after the holidays and all area residents are encouraged to participate.

"Antioch and the surrounding area is in the process of changing from a largely rural recreation area to a much more urbanized, heavily populated region," explains Jonites. "The Alliance for Better Government intends to address issues and promote public policies concerning economic development, proposed land use, recycling, area lakes, and community interaction. We will provide a forum for open discussions with governmental bodies and a vehicle for collective action to address the concerns of area residents."

The chairperson for the group is Roy Sackschewsky. Jonites is secretary and Theresa Kloster is treasurer. Anyone interested in becoming involved, or for more information call 395-7214 or 395-7371.

## Veterans donations big boost to Memorial park

WAUCONDA—The Wauconda Park District received \$3,300 in total donations from the Wauconda American Legion Post 911 and the Lakeland Veterans of Foreign Wars Memorial Post 2486 to help boost its plans to revitalize Memorial Park at the corner of Liberty and Main streets. The donations will be used for two flag poles, one which will fly the American Flag and the other to fly the Prisoner of War/Missing in Action flag. The park district is still seeking a sponsor for a third flagpole. Brick sales are also continuing, with at least 200 needed to start construction. A Veteran's Day 1994 dedication date is proposed.

## Form committee to continue agency

FOX LAKE—A citizens committee has been formed to push for passage in Lake County of a March referendum calling for continuation of the Chain O'Lakes/Fox River Water Management Agency. The committee, headed by Pete Jakstas and Woody Boedecker, will meet at 7:30 p.m. Monday, Jan. 3, at Mineola Hotel.

A similar committee headed by George Thompson is organizing in McHenry County. The non-tax supported agency is the key authority for maintaining water quality and safety on the Chain.

## Officials and village named in lawsuit

MUNDELEIN—Three real estate developers have filed suit against the village of Mundelein, Mayor Marilyn Sindles and Village Administrator Ken Marabella. Anthony Pasquinelli, Bruno Pasquinelli and Melvin Isenstein contend that the village violated their constitutional rights and changed annexation requirements on a project the firm was beginning. The lawsuit seeks over \$1 million in damages. The village has 20 days to respond.

## Midlane residents fight townhome plan

WAUKEGAN—Representatives of the Pickus Construction and Equipment Company will be meeting with nearby property owners next month in an effort to explain a townhome plan. The Waukegan based firm is proposing 265 townhome units for 40 acres at the southeast corner of Delany Road and Yorkhouse Road. The request for R-5 zoning in the city of Waukegan was withdrawn Monday before the judiciary committee met and is expected to come back as a planned unit development.

## Man interrupts play and threatens guests

LAKE VILLA TOWNSHIP—A Spring Grove man came into a play at Calvary Temple and shouted he would kill anyone that moved. He said he was "god" and patrons were "devils". The man was arrested without incident and no one was hurt for when people rushed for the exits.

## Trustee squabbling may end with payout solution

KILDEER—Village trustees approved a solution that may put an end to the outstanding issue of payments made to the village administrator for sick and vacation days earlier this year. The administrator would return the net amount of money from the 57.5 sick days which could be used if necessary or would be lost upon separation with the village. Also, 44 vacation days would be returned and would be given back upon separation, and 17 other days would need to be used by April 30, 1994, or risk being lost. A total gross amount would be returned to the village when the village gets back the money already paid to the Internal Revenue Service. Village President Barbara Schweitert was optimistic if the measure would solve the matter.

## Fugitive still at large after incident in lot

LAKE VILLA—Lake Villa Police have obtained a warrant for a suspect they believe stabbed someone and dragged a woman by the hair and threatened with a knife. Robert Holmes, 42, 552 Arbor Drive, Round Lake Park is wanted for supposedly taking his ex-girlfriend out of her car and threatening her with a knife at a Lake Villa Apartment complex. Others came and attempted to stop him and one of them was slightly injured when Holmes tried to stab him. Police were unable to catch Holmes who is yet of large.

## Village prohibits train whistles

ROUND LAKE—The village board approved an ordinance to require trains from not blowing their whistles in the village between Hart and Fairfield Roads except in an emergency. The vote was 4-3 with Mayor James Lumber casting the deciding ballot. Lumber said the board felt it was appropriate because the area already has safety gates at the crossings.

## Santa, McGruff give gifts to needy children

LAKE ZURICH—About 50 children at the Liberty Lakes apartment complex were treated to a Christmas party by the Lake Zurich Police Department, complete with an appearance by Santa Claus and McGruff the crime dog. Each child was given a toy from the U.S. Marine Corps "Toys for Tots" program, of which many were donations by village residents. Santa and McGruff then took off in a police car, patrolling area shopping centers and greeting children with candy canes and wishing them a "Merry Christmas."

## Village, land owner reach settlement

WADSWORTH—Wadsworth Village Board members approved a settlement agreement with a land owner and more meeting time for its attorney. Trustees voted 5-1 to approve an agreement with owners of Johnathon Apple Orchard, located at Route 41 and Kelley Road. Owners include George Pease Construction and a land trust. Plans call for 62 lots.

## Cerebral palsy victim receives gift of 'speech'

MUNDELEIN—The family of Aimee Rick received a check for \$17,727.35 for the purchase of a special communication device which will allow her to talk via symbols and pictures. The money was raised at a rummage sale at Grace Lutheran Church in Libertyville and Branch 8799 of the Lutheran Brotherhood of Lake County pledged up to \$1,910 in matching funds.

## Village Christmas bash treats kids

HAINESVILLE—What was once on signs entering the oldest incorporated village in the county as being "population—150," is no more. Nearly that many children attended the Hainesville Christmas party Dec. 21 at the Northbrook Sports Club. Children were each treated with a present from Santa (a.k.a. Trustee Norb Lisk), and gun club members provided 55 pizza's, pop and cookies to the crowd of over 200. Mayor George Benjamin announced winners of the raffle which were awarded bicycles, and a grand prize of a 19" color television. Developer of Deer Point Trails, Richard Pietranek was so pleased with the village police department coverage, that last month he donated a check for \$1,000 to the police. The chief gave back \$800 for the party, and put the rest into the police station.

## Departments join forces in drug bust

FOX LAKE—Police Chief Jim Busch of Fox Lake announced that his department, cooperating with Round Lake Beach and Grayslake police, arrested two subjects late Tuesday night who were apparently involved in the sale of slightly over a pound of cannabis. Lt. Edward Gerretsen of Fox Lake headed the investigation in which 25 year-old Nicholas Olsen of Fox Lake, and Arndid Munoz of Round Lake Heights, 41, were arrested for the sale an unlawful possession of the drug. Munoz was also charged with the intent to deliver the dope to Olsen at his home on 48 Rushmore. Police seized \$2,500 in cash along with the marijuana. "I think it's a great feeling to get them off the streets," said Chief Busch.

## Ice warning issued by fire department

ANTIOCH—According to the Antioch Fire Department, residents must use additional caution this season on area lakes. Due to the unusual weather conditions, the lakes have not begun to freeze as rapidly as in past years. As a result, there is growing concern for personal safety on the ice. Residents are cautioned to check ice conditions before going out onto the ice and to be especially careful if there is a snowfall before a hard freeze. Parents are warned to be especially careful of children receiving ice skating equipment for Christmas.

### SAVE YOUR FAMILY TIME AND MONEY

Do you know what "probate" is? It is the court process by which debts are paid and assets are distributed to heirs.

When you consider the cost of a will and the fees involved in probate, as compared to setting up a living trust, the trust is a much more reasonable choice. It saves not only money, but time. Your heirs will not have to wait six, nine, or twelve months to receive what you have left them.

In Illinois, probate is required when the assets total over \$50,000. The probate process can be quite costly, reducing the amount of assets that heirs receive. Attorney's fees, court costs and executor's fees can reduce assets that go to the heirs by as much as 10%. There is also a time delay, because the minimum amount of time that an estate would be tied up in probate court in Illinois is six months, but normally probate takes nine to twelve months, and sometimes longer.

What can you do now so that your loved ones can avoid the costly and frustrating probate process? You can attend a FREE ESTATE PLANNING SEMINAR and learn how a living trust can work for your family. A living trust can be defined in simple terms as a will substitute, one that allows your heirs to avoid meeting a probate judge. As the trustee (financial manager) of your trust, you can continue to do the same things you did before the trust existed, such as buy, sell, or give away the trusts' assets. You set up your living trust according to your desires. You are in complete control.

### Happy diner

Raves for the Madrigal Dinners held at Antioch Community High School. We taxpayers must support the school and its wonderful programs.

### Not a whacko

I am an animal rights activist. I take offense to individuals who lump us all together as whackos. Animals are not ours to eat, wear, or experiment on. We are the voice for those who cannot speak for themselves.

### Yes you are

Hip hip hooray for "Another cause" in your newspaper. It is time that someone spoke out against these whacko fur lovers. I wish they did have another cause to fight for. Animals are raised, not tortured. I think these people should find a better cause such as the homeless, hungry, and all the futile waste going on in our world. I have three furs and can't wait for Christmas for my fourth.

### Support your local paper

Attention North Chicago residents. The News-Sun is a biased newspaper that prints nothing good about North Chicago. If we give all the money to the North Chicago Tribune that we give to the News-Sun, our local paper would grow. It would be for our best interest.

### Book help

This is for "Double dilemma." Try the techniques listed in a book called "Sibling Without Rivalry." I also recommend "How to Talk So That Kids Will Listen and Listen So Kids Will Talk," which is great if you have teenagers. Good luck.

### Not the Holiday Inn

I read "Real punishment." Listen, it is time that guy gets with it. Why, in the WXYZ was he in the Lake County Jail in the first place? You are not supposed to be living in the Holiday Inn eating filet mignon. When I was a child we were told that you went to jail for punishment and you were lucky to get enough bread and water to survive on. I'm from Antioch and Merry Christmas.

### Get out of jail

I had to laugh about "Real punishment." Why don't we bake

them some cookies and send them over to the Lake County Jail? It would be a gesture of understanding that such upstanding inmates don't have the opportunity to dine in splendor. I guarantee there are many homeless people who would appreciate clean bedding, a roof over their heads, and a hot meal of any sort. Get clean, get out of jail, and quit whining. The real punishment is to the taxpayers of Lake County. I am from Waukegan.

### Big help

There are still a lot of kind people around, like Lake Villa Television. They really helped an old lady out.

### Wrong information

This is to the guy who called about the bovine growth hormone. Where did you get that information? The FDA has currently banned the use of the hormone because not enough research has been completed. It has been hypothesized that the stress from the hormones will increase the need of anti-antibiotics which will be found in the milk. Let's return to a wholesome diet with natural foods.

### You were invited

The Wauconda School Board invited all area elected officials to a recent meeting to talk about re-establishing the community council. The person who called and said he/she was not invited was misinformed. Notices of the meeting went everywhere. It was clear that it was open to everyone.

### Untimely dismissal

Congratulations to the greatest Scrooge of all. Round Lake High School fired a custodian with a family only two weeks before Christmas.

### Source challenge

I appreciate your note, Editor, about how a reliable source gave you information about a meeting. I challenge you to see how reliable your source is. Get the names of all the people who are there and ask who applauded or cheered. Again, I challenge you and Mary Foley to report the facts and not hearsay.

### Made a mistake

I am a sophomore at Libertyville High School. People should get off their high horses. Maybe the coach did make a mistake, but he learned from it. So quit acting like it was the end of the world. As far as coaches going through metal detectors instead of students, I got something to tell you buddy. When I was depressed last year, another coach really helped me. Just because one coach did something does not mean you should put down every coach.

### Eat swill

I feel we need an investigation about why inmates at Lake

County Jail are being fed so well. There are people on the outside who would rather do without a meal than commit a crime. Senior citizens who eat cat food or kids who go to school without even getting a sweet roll. Yes my friend I want an investigation why you a%#@#%es get anything more than swill and we taxpayers have to pay for it. May you and your fellow prisoners eat swill until every honest man, woman, and child can eat three decent meals a day.

### Teenage lament

Who wants to go around and pick up trash or volunteer to help retired and retarded people? No thank you. I live in Antioch and adults around here do not care about teenagers. There is nothing around here to do but get wasted. And, adults don't care.

### Light theft

This is to the teenagers who are taking the Christmas lights in Channel Lake Subdivision. I hope that some day you learn what Christmas is all about. Maybe your parents have not taught you. Christmas is about giving not taking.

### Talk ain't cheap

I just finished reading about our village lawyer in Round Lake Beach. He keeps talking about these two boys, but he should start talking about how he has already cost us over 1/4 million dollars in legal fees.

### Rent reduction

I have been a landlord for many years and the best way to collect rent is to include in the lease that if the rent is paid in advance, I charge \$25 less. It can be put on the back of the lease and I find it very beneficial.

### Check it out

This 911 service in Round Lake Beach is so messed up it may be worth it to call just to see what they have for your address.

### Happy pagan holiday

Nobody knows when Jesus was born. It is speculated that he was born in September or October and not in December. December is celebrated as the solstice. The only reason we celebrate on the 25th is because some priest lied to us. Have a happy pagan holiday.

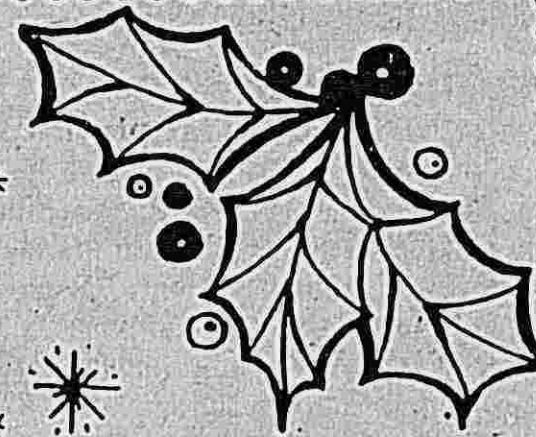

### Butt out

My husband is a Round Lake Beach police officer. He works very hard. Why are the trustees interfering?

### Matter of opinion

Yes, there are parents and people do want those books (Joy of Sex) in the library. Just because you don't want your (Continued on page 20)

## Briefs

### School closings

Parents of students in Antioch's Community Consolidated School District 34 are reminded that school closing announcements due to bad weather will be made locally on channels: WKRS-WXLC 1220 AM, WNIZ 97 FM, and WLIP-WJZQ 1050 AM 95.1 FM. In the event that weather and road conditions in the early morning would not permit the safe transportation of students, schools will be closed by the joint action of District 34 and Antioch Community High School. While WGN, WMAQ, and WBBM FM will also be called, the local stations often announce local school closings earlier than Chicago stations.

### Children's mass

St. Peter's Catholic Church in Antioch is having a Children's Mass on Dec. 24 at 5:30. Members of the preschool program will be singing happy birthday to Jesus. The children are adorable as they capture the true meaning of Christmas. This annual event is extremely popular so make sure to arrive early in order to get a seat.

### Winter carnival

The Felter's Homeowners Association is planning their second annual Winter Carnival. Events such as children's snow golf using a large nerf ball, croquet mallets, and a coffee can; football pitch; the human dog sled race with children and adults; and hockey and ice skating are just a few of the activities to shake those winter blues. The event begins on January 8 at 1 p.m. and will continue on until 9 p.m. after the bonfire. Hot spiced apple cider, hot chocolate, and chili will be served. All members of the associations are encouraged to attend.

### Museum closed

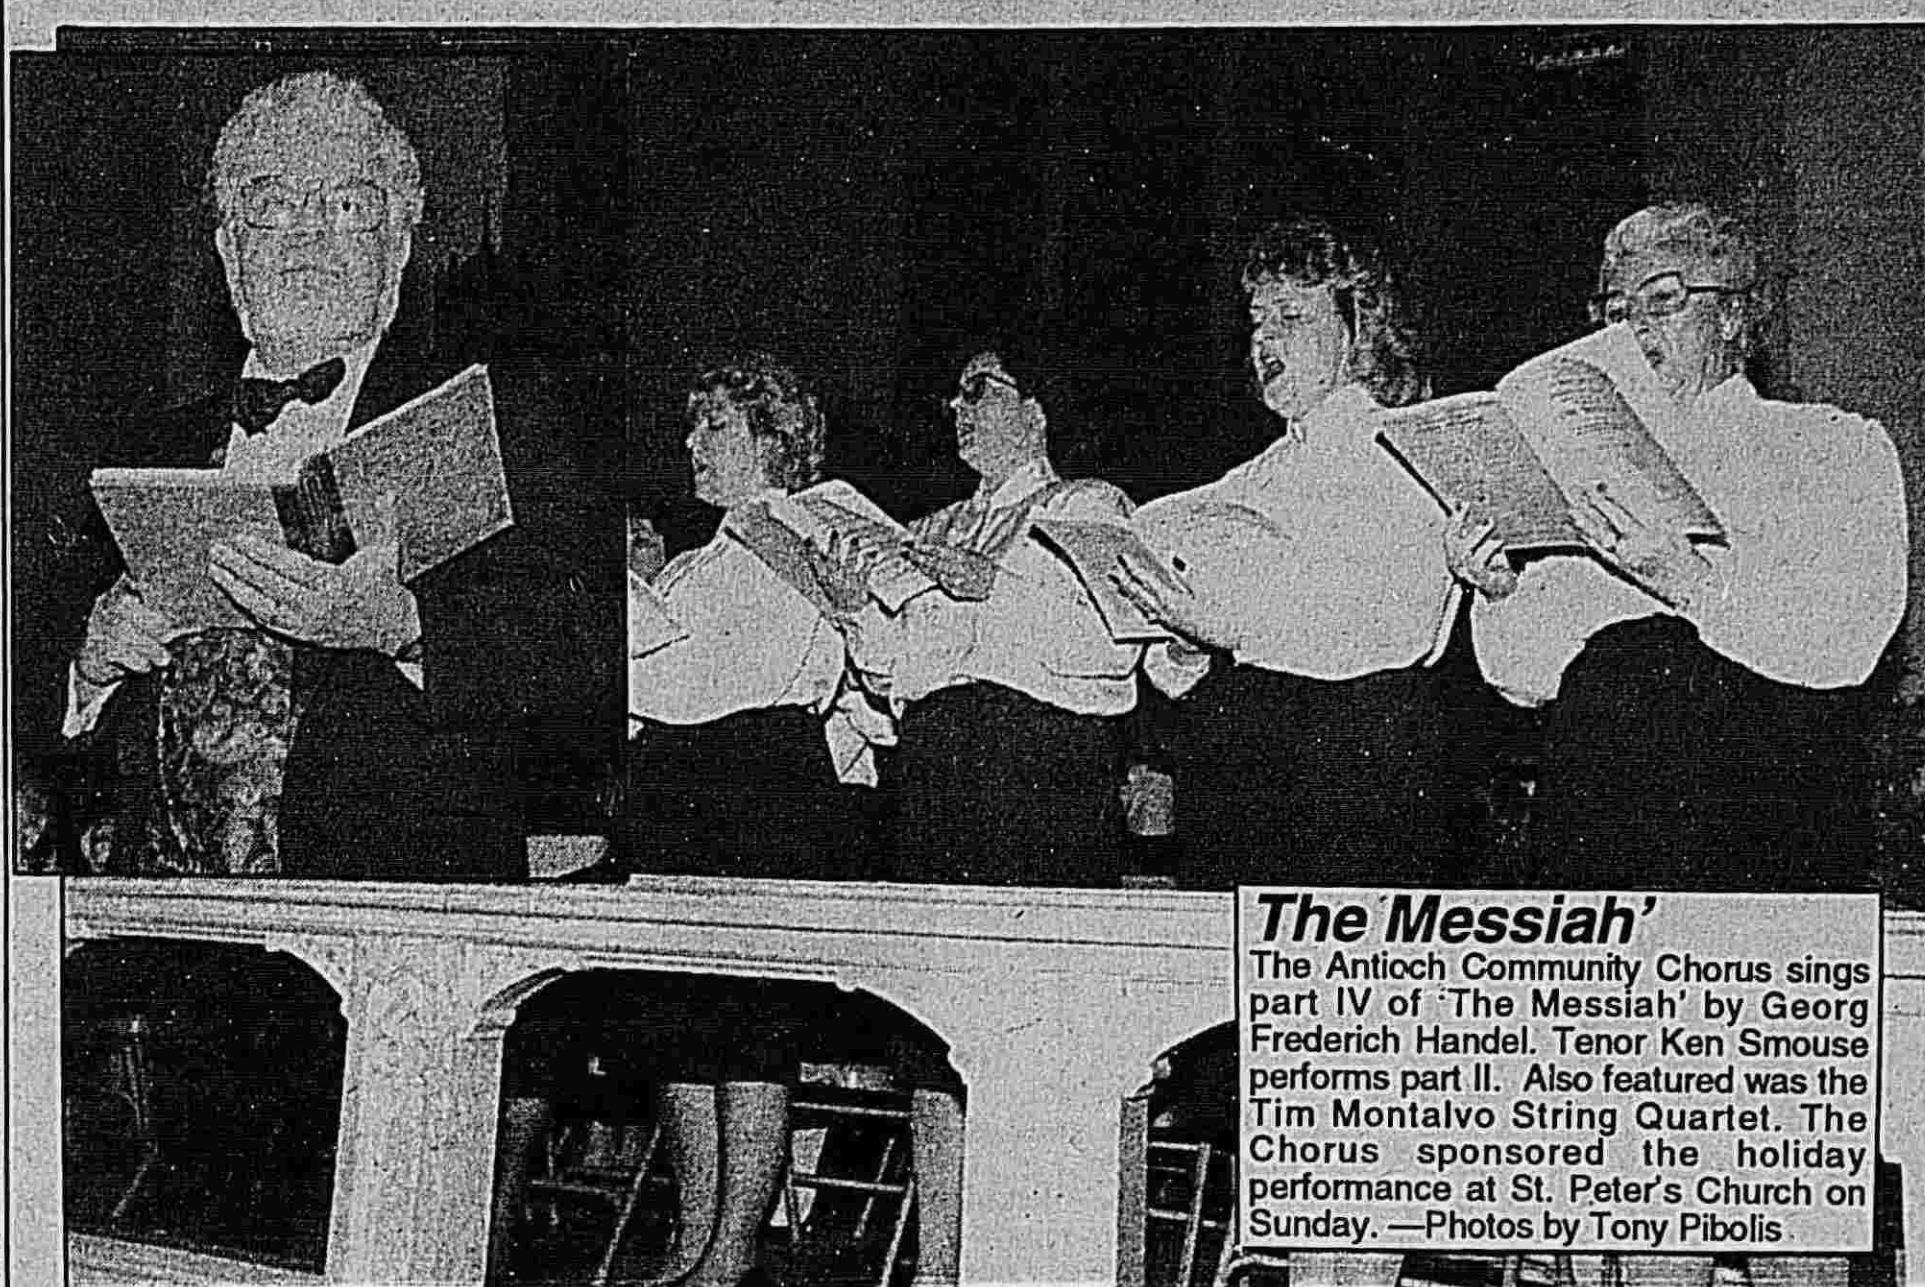

The Lakes Region Historical Society will be closed on Dec. 25, Christmas Day. However, it will be open on Dec. 26 instead. The regular hours of the museum are 11 a.m. to 3 p.m. on Saturdays. If you haven't had a chance, stop by and take a look at the Christmas tree display.

### Meeting planned

A meeting is planned for representatives of homeowners associations in January. A group is forming to discuss some common problems and solutions homeowner groups face. Anyone interested in joining with other groups in the unincorporated Antioch area should call Carol Jonites, 395-7371.

### Village levy

The Antioch Village Board approved the annual tax levy which is a bit lower than last year's. The tax rate dropped to \$1.081 from last year's \$1.084. Taxpayers whose assessment remained the same may notice the slight dip, however homeowners, especially those with lake front property, will be paying more because of the increased assessments.

The Antioch Community Chorus sings part IV of 'The Messiah' by Georg Frederick Handel. Tenor Ken Smouse performs part II. Also featured was the Tim Montalvo String Quartet. The Chorus sponsored the holiday performance at St. Peter's Church on Sunday. —Photos by Tony Pibolis

## Fields has long political history

by MARY FOLEY

Lakeland Newspapers

Jim Fields, Antioch Township supervisor and incumbent Lake County Board member, is once again planning to continue his tenure. He is vying for the Republican spot in the March primary for District 1, Antioch. Fields, who has been given the party nod, has had a long history of political service in Antioch.

Born in 1929 in Waukegan, Fields has lived in the Antioch area all his life. After graduation from high school, Fields attended Illinois State College at Normal for one year. From there, he entered the Air Force.

Fields was stationed in Germany for three years. He left the service as a sergeant in the medical corps. From there, he went into sales. He worked for two years in banking, and then sold cars when he became a member of the Antioch Village building and zoning board.

From the zoning board, Fields was

elected Antioch Township supervisor. Fields has been supervisor for 16 years. Two years after taking the supervisor's position, he was elected to the Lake County Board and has been there ever since.

Fields is past chairman of the County Board, and holds numerous positions on various county committees. He is chairman of both the Building and Health, and Public Service Committees. He is also a member of the Forest Preserve Land Preservation and Acquisition Committee and the Enterprise Committee.

As far as the election is concerned, Fields, despite his incumbency, is not taking the challenge lightly.

"I never have gone into an election that I did not think would be difficult," said Fields. "This one will not be any different."

Challenging Fields this time is Judy Martini and Kenneth Domanchuk.

## Retired board member recalls budget cuts

by MARY FOLEY

Lakeland Newspapers

Glenn G. Moore, an Antioch Community High School board of education member since 1972, was honored by the school board at the last meeting. Moore retired Nov. 8 from the board.

Moore was the former president of the school board. The current board recognized his 21 years of service, noting that Moore had a great attendance record.

"It is ironic that what I came in on, I left at," said Moore. "When I came on the board in 1972 we were doing the same thing with major cuts."

He was referring to a budget crisis the school faced in 1972 when Moore began his first season on the board. After making

a number of deep cuts which included the yearbook, the newspaper, and freshman activities, on Dec. 20, 1972, the taxpayers approved a tax hike.

Moore said one of the biggest problems with the 1972 budget cuts was the loss of the freshman sports program.

"If you take out the freshman, those kids don't play for a year," explained Moore. "It then takes a while to rebuild a sports program."

Moore said he enjoyed his time on the board.

"I found it to be a very rewarding job," said Moore. "It has its good times and its bad times."

Moore had some advice to new board members.

"We are facing some difficult problems," said Moore. "You get paid every June at graduation."

While retiring from the board, Moore

is not retiring from his position as an Allstate Insurance agent. He has lived in the area since 1969.

## Antioch to rejoin County group

The Village of Antioch has voted to rejoin the Lake County Soil and Water Consolidated District (LCSWD). The group provides opinion reports which are not binding on the village.

Antioch withdrew from the group in the mid-1980's. According to Robert Silhan, the Village Planner, the reports

provided by the group have improved considerably since then.

With Antioch "opting" back into the group, residents in the area will once again be able to run for positions on the board of LCSWD. By unanimous approval the board okay the inclusion of all of Antioch into the LCSWD.

# Dvoraks welcome new arrival, Thomas Quinn

## New arrival

Tom and Sheila Dvorak are very happy and excited over the birth of their third child. Little Thomas Quinn was born on Friday, Nov. 26. He weighed in at 7 pounds and 9 ounces and was 20 3/4" long. Big brother, seven-year old Danny and big sister, three-year old Mary Kate are on hand ready, willing and able to help mom and dad spoil the new little family member. Congratulations, everyone! A little birdie tells me that Mary Kate is also very excited over her soon-to-be entry into the Camp Crayon Program.

## Magic spell

One of my favorite things to do during the Christmas season is to spit shine the house before putting up the Christmas tree and decorations. Once the tree is in place, I then turn all the house lights off or on low, plug the tree in and stare at its magical form. I find this 100 percent relaxing and can actually feel the tension drain from my being as I become

consumed by the magic spell of the Christmas tree. This feeling was magnified many times over after visiting the beautifully decorated home of Darlene Olenick. Please read on for the particulars.

## Simply gorgeous

I'll start by saying Darlene is a very talented, artistic person. She has the ability to take the simplest object and turn it into a thing of beauty and her expertise in decorating her home for the holidays reflects this. I only stayed in her self-created, magical setting for a short time as we had other places to be. However, I could have curled up in a chair and stared at the magical beauty of her many Christmas trees for hours.

Words cannot describe how she transforms her home into a beautiful, comfort zone of total holiday love and spirit each year. Two trees stand in her living room. The big one is her Santa tree literally displaying hundreds of different types of beautiful

Santa ornaments.

In the corner by the window, is a smaller tree all aglow with various decorations and lights in white. The dining room holds her

Victorian tree and another small tree consisting of various sizes and shapes of different colored ornaments. The heart decorated tree stands in the cor-

ner of her beautiful country kitchen. Added to all of this, are beautiful wreaths everywhere, a mantel full of Santa nic naes and a Christmas Village lines up on the sill of the front bay window.

A beautiful manger scene and Christmas lights greet you as you enter her foyer and even her living room lamps are covered with Christmas shades. As I marveled over each and every special Christmas item, all I could think of was the hours and hours of work putting it all together, taking it down and packing it away. However, the work is made easier because it is truly an anticipated family event with everyone pitching in to get the job done.

Great job, Olenicks, keep it up and I hope to peek at your beautiful holiday accomplishment each year, just let me know when.

## Chess club

Under the fine leadership of fourth grade teacher, Dave Tomei, the

Grass Lake School Chess Club competed in the Benjamin Scholastic Chess Tournament in West Chicago. The fifth grade team consisting of Mary Boerman, Kim Cartwright, Shannon Day, Michelle Gielow, Dana Glewicz, Nicole Melendez, Lee Morrison, Lindsey Teaters, Brandon White and Eric White, won the fifth place trophy out of 18 teams competing.

The junior high team of Jessica Cardis, Heater Dawson, Angie Fragassi, Adam Hiller, Kyle Milovanovic and Steven Spencer tied for fifth place. Adam Hiller won an award for coming in eighth place among all the eighth graders at the competition. Dave Tomei and the entire chess club would like to thank Mr. Day, Mr. Glewicz and Mrs. Milovanovic for driving to and from the tournament and also helping out at the tournament.

Congratulations everyone and once again chess coach, Dave Tomei, should

be commended for doing a fine job preparing the members of the club for competition.

## Creative talents

For the past eleven years, students at Antioch Community High School publish the creative writing magazine "Finesse." The publication is a semester-long effort by enterprising students. The "Finesse" The Medalist Certificate is the highest of five placings awarded in the nationwide competition. I am happy and proud to say that I have had occasion to read past publications of "Finesse" and the superb creative writings that are contained on the pages therein are fantastic.

If anyone at ACHS is reading this particular column entry, I would love to receive a copy of the 1993 edition titled "The Beauty of Gray." Just call and let me know how to go about getting a copy. Keep up the great work and congratulations on winning such a high honor.

# Chain O'Lakes Orchestra keeps making music

by TINA L. SWIECH  
Lakeland Newspapers

Always a challenge for players of the oboe, the french horn, and the violin, the Chain O' Lakes Orchestra is still making beautiful music.

Village resident Georgia Cobb wanted something to do, she started the Chain O' Lakes Orchestra with a small group of area children.

Cobb, a professional violinist and former dancer, probably had no idea that the orchestra would be as big as it has become, and literally as grown-up as it is

now. The founder died about two years ago.

Some of the members remember when they were just youngsters starting out in the orchestra that is now for adults and high school-age, serious-minded musicians.

Treasurer of the orchestra, Marilyn Lutz of Fox Lake, is a veteran member who also played the flute in the fifth grade at Gavin School, as well as Grant Community High School.

"I remember it well. The first concert we had was at the Fox Lake Library," Lutz said.

The group is made up of about 30 adults and some high school students who are serious about their music.

The harmony that has been developed between group members comes from the fact that many of them have been in the Chain O' Lakes Orchestra for about eight years.

Lutz, a flutist in the group, said the orchestra is registered with the state as being part of the Chain O' Lakes Cultural Arts Association, which Cobb began after she started up the orchestra.

The arts association is dying down now, explained Lutz, but was once a busy little group that was formed with artists of dance, music and graphics of all sorts. "Our main focus now is the orchestra," said Lutz.

Margaret Richardson, vice-president, said she is probably the oldest member in the music group. At age 69, Richardson said she is one of the clarinet players in the orchestra.

Usually taking a break in the summer, the orchestra practices throughout the rest of the year, and gives two major holiday concerts, one at the Trinity Lutheran Church in Ingleside, and the other at the Richmond Memorial Hall as part of the

town's "Winter Wonder Walk" event.

In the month of July, the orchestra is asked to participate in a summer noon-hour concert held at the Lincolnshire Corporate Center on Milwaukee Avenue. "We always have a good response" at this event, said Richardson.

At the Trinity concert, the orchestra started with Baroque tunes from the late 1600s to the early 1700s. Then the group went on to play music from the Romantic period.

The orchestra went through three directors since Cobb's dream became a reality. The new orchestra conductor is Linda Pankratz, the band and junior high choral director for Gavin District 37 schools.

Always looking for serious musicians, the group has gone through some changes in the past few years, mostly for the better.

Lutz explained that many new residents are moving from the Chicagoland area into the Chain O' Lakes region and are bringing with them the experience of the strings that the orchestra was once lacking.

But still, the group can use more of the stringed instruments in its fold. "To get stringed instruments in this area is difficult," said Lutz.

"We always want to improve," said Lutz who announced how much she likes the challenge of learning to play new music.

## Committee begins to plan for March referendum

by MARY FOLEY  
Lakeland Newspapers

Over 100 people attended the first meeting of the Antioch Community High School referendum committee. The purpose of the meeting was primarily informational, particularly since the school board had not yet put a referendum on the March ballot.

"People were very enthusiastic," said Pam Podstawa, chairperson of the referendum committee. "I think it will work this time. It has to, because the problems are not going to go away."

The formal organization of the committee will change somewhat from last year and they plan to focus on voter education. Podstawa said there were a number of residents coming forward to volunteer.

The meeting featured a presentation by Superintendent Robert Schley, who gave the history and an update of the school's

education fund. Matt Fasano, a junior at ACHS, provided the audience with a student's perspective of attending the high school in light of last year's budget cuts.

In particular, Fasano discussed cuts in the sports program and how it has affected individual students. It was pointed out that even though both parents and students are willing to pay more to participate in the sports program, there are not enough available coaches on staff because of the financial cuts.

Many local officials also attended the meeting. Mayor Marilyn Shineflug of Antioch, Mayor Paul Baumunk of Lindenhurst, as well as many other officials turned out to show their support.

It was not all business at the meeting, however. The Antioch High School Madrigal singers performed for the group. The performers, decked out in Victorian garb, sang several musical selections.

The next meeting is expected to be held at the end of January.

## Antioch grade wins grant to study middle school

by MARY FOLEY  
Lakeland Newspapers

The Illinois State Board of Education announced that Antioch's District 34 has received a school improvement change grant for their submission: "Celebrating the Middle: Reform and Renewal for a Community of Learners." With the grant, Antioch Upper Grade School staff will begin to study the most recent practices and research available on middle level education.

Principal Debbie Kerr-Carpenter attributes the grant approval to the effective research and preparation done by AUG's staff grant committee. The committee was composed of Robert Brown, Sandy Borries, Rachel Hewitt, and Jay Marshall.

"We are very excited about the grant,"

said Kerr-Carpenter. "We are looking forward to working on the concepts."

After gathering information from both students and faculty, a strategic plan will be developed to determine the stages of implementation and a plan for the transition. The school will be presenting a number of in-house programs for teachers, as well as conferences, seminars, site visitations, and research reviews. The goal of the project is to improve student achievement by providing a program to match the nature of the learner.

Middle school reform is occurring at a national level to transform educational institutions into student centers of learning. The goal is to improve middle schools by being more responsive to the needs of adolescents.

## 'Steppin out' for rescue squad

The Antioch Junior Woman's Club second annual New Year's Eve Dinner Dance "Steppin Out" will be held at the Antioch Golf Club.

Tickets are \$100 per couple and include dinner, open bar, dancing supplied by Top Hat productions, party favors and

champagne toast. Cocktails are at 7 p.m. and dinner will be served at 8 p.m. The menu will include soup, Caesar's salad, steak, chicken Kiev, baked potato, vegetable, wine and chocolate mousse.

After a sell out crowd last year, make your reservations as soon as possible

by calling Venus at 395-3111. Tables of eight to ten can be reserved. Seating arrangements will be on a first come first serve basis. A 50/50 reverse raffle is also planned. There will be one big winner at the end of the evening. All proceeds will benefit the Antioch Rescue Squad.

# Chain O'Lakes Orchestra keeps making music

by TINA L. SWIECH  
Lakeland Newspapers

Always a challenge for players of the oboe, the french horn, and the violin, the Chain O' Lakes Orchestra is still making beautiful music.

Violinist Anne Thomas performs during a concert at Trinity Evangelical Lutheran Church in Ingleside.—Photo by Bill Carey

Village resident Georgia Cobb wanted something to do, she started the Chain O' Lakes Orchestra with a small group of area children.

Cobb, a professional violinist and former dancer, probably had no idea that the orchestra would be as big as it has become, and literally as grown-up as it is

now. The founder died about two years ago.

Some of the members remember when they were just youngsters starting out in the orchestra that is now for adults and high school-age, serious-minded musicians.

Treasurer of the orchestra, Marilyn Lutz of Fox Lake, is a veteran member who also played the flute in the fifth grade at Gavin School, as well as Grant Community High School.

"I remember it well. The first concert we had was at the Fox Lake Library," Lutz said.

The group is made up of about 30 adults and some high school students who are serious about their music.

The harmony that has been developed between group members comes from the fact that many of them have been in the Chain O' Lakes Orchestra for about eight years.

Lutz, a flutist in the group, said the orchestra is registered with the state as being part of the Chain O' Lakes Cultural Arts Association, which Cobb began after she started up the orchestra.

The arts association is dying down now, explained Lutz, but was once a busy little group that was formed with artists of dance, music and graphics of all sorts. "Our main focus now is the orchestra," said Lutz.

Margaret Richardson, vice-president, said she is probably the oldest member in the music group. At age 69, Richardson said she is one of the clarinet players in the orchestra.

Usually taking a break in the summer, the orchestra practices throughout the rest of the year, and gives two major holiday concerts, one at the Trinity Lutheran Church in Ingleside, and the other at the Richmond Memorial Hall as part of the

town's "Winter Wonder Walk" event.

In the month of July, the orchestra is asked to participate in a summer noon-hour concert held at the Lincolnshire Corporate Center on Milwaukee Avenue. "We always have a good response" at this event, said Richardson.

At the Trinity concert, the orchestra started with Baroque tunes from the late 1600s to the early 1700s. Then the group went on to play music from the Romantic period.

The orchestra went through three directors since Cobb's dream became a reality. The new orchestra conductor is Linda Pankratz, the band and junior high choral director for Gavin District 37 schools.

Always looking for serious musicians, the group has gone through some changes in the past few years, mostly for the better.

Lutz explained that many new residents are moving from the Chicagoland area into the Chain O' Lakes region and are bringing with them the experience of the strings that the orchestra was once lacking.

But still, the group can use more of the stringed instruments in its fold. "To get stringed instruments in this area is difficult," said Lutz.

"We always want to improve," said Lutz who announced how much she likes the challenge of learning to play new music.

## Committee begins to plan for March referendum

by MARY FOLEY  
Lakeland Newspapers

Over 100 people attended the first meeting of the Antioch Community High School referendum committee. The purpose of the meeting was primarily informational, particularly since the school board had not yet put a referendum on the March ballot.

"People were very enthusiastic," said Pam Podstawa, chairperson of the referendum committee. "I think it will work this time. It has to, because the problems are not going to go away."

The formal organization of the committee will change somewhat from last year and they plan to focus on voter education. Podstawa said there were a number of residents coming forward to volunteer.

The meeting featured a presentation by Superintendent Robert Schley, who gave the history and an update of the school's

education fund. Matt Fasano, a junior at ACHS, provided the audience with a student's perspective of attending the high school in light of last year's budget cuts.

In particular, Fasano discussed cuts in the sports program and how it has affected individual students. It was pointed out that even though both parents and students are willing to pay more to participate in the sports program, there are not enough available coaches on staff because of the financial cuts.

Many local officials also attended the meeting. Mayor Marilyn Shineflug of Antioch, Mayor Paul Baumunk of Lindenhurst, as well as many other officials turned out to show their support.

It was not all business at the meeting, however. The Antioch High School Madrigal singers performed for the group. The performers, decked out in Victorian garb, sang several musical selections.

The next meeting is expected to be held at the end of January.

## Antioch grade wins grant to study middle school

by MARY FOLEY  
Lakeland Newspapers

The Illinois State Board of Education announced that Antioch's District 34 has received a school improvement change grant for their submission: "Celebrating the Middle: Reform and Renewal for a Community of Learners." With the grant, Antioch Upper Grade School staff will begin to study the most recent practices and research available on middle level education.

Principal Debbie Kerr-Carpenter attributes the grant approval to the effective research and preparation done by AUG's staff grant committee. The committee was composed of Robert Brown, Sandy Borries, Rachel Hewitt, and Jay Marshall.

"We are very excited about the grant,"

said Kerr-Carpenter. "We are looking forward to working on the concepts."

After gathering information from both students and faculty, a strategic plan will be developed to determine the stages of implementation and a plan for the transition. The school will be presenting a number of in-house programs for teachers, as well as conferences, seminars, site visitations, and research reviews. The goal of the project is to improve student achievement by providing a program to match the nature of the learner.

Middle school reform is occurring at a national level to transform educational institutions into student centers of learning. The goal is to improve middle schools by being more responsive to the needs of adolescents.

## 'Steppin out' for rescue squad

The Antioch Junior Woman's Club second annual New Year's Eve Dinner Dance "Steppin Out" will be held at the Antioch Golf Club.

Tickets are \$100 per couple and include dinner, open bar, dancing supplied by Top Hat productions, party favors and

champagne toast. Cocktails are at 7 p.m. and dinner will be served at 8 p.m. The menu will include soup, Caesar's salad, steak, chicken kiev, baked potato, vegetable, wine and chocolate mousse.

After a sell out crowd last year, make your reservations as soon as possible

by calling Venus at 395-3111. Tables of eight to ten can be reserved. Seating arrangements will be on a first come first serve basis. A 50/50 reverse raffle is also planned. There will be one big winner at the end of the evening. All proceeds will benefit the Antioch Rescue Squad.

Above, Patty Antonelli, a customer service manager at Piggly Wiggly, and Mark Lubkeman, chairman of the Antioch Rotary, lift a basket of food ready for delivery to a needy family. Bottom left, Richard Kufalk and other Lions Club members begin their Christmas basket delivery. Right, Township Supervisor Jim Fields and township staff fill baskets.

## Volunteers unite to make Christmas merry for all

The Antioch Lions Club, the Rotary Club International, and Antioch Township massed their forces to make sure that everyone's Christmas is merry this year. Distributing more than 140 food baskets to the area's needy these groups donated time, money, and effort.

After receiving a list of names from various sources, each group, in conjunction with Piggly Wiggly prepared and distributed the baskets.

The Lions distributed the food baskets on Saturday, Dec. 18, while the Rotary Club made their deliveries on Sunday, Dec. 19. Mark Lubkeman was the chairperson of the Rotary Club drive this

year and Richie Kufalk headed up the Lions Club efforts.

The township is distributing baskets to residents to both families from the list as well as families on the general assistance program. Over 140 food baskets will be given out from all three groups by Christmas.

The baskets contained turkeys, cranberries, holiday food, as well as necessities like milk. Gift certificates for local thrift shops were included.

"We just want to make sure that the families have a better Christmas," said Antioch Township Supervisor Jim Fields.

## Antioch fire department suggest caution on ice

According to the Antioch Fire Department, residents must use additional caution this season on area lakes. Due to the unusual weather conditions, the lakes have not begun to freeze as rapidly as in past years. As a result, there is a growing concern for personal safety on the ice.

The First Fire Protection District of Antioch's Underwater Rescue-Recovery Team is ordinarily busy with the numerous ice related incidents during the winter months. Their concern is that people are unaware of potential dangers.

Snowmobilers, ice fishermen, ice skaters, and other ice sports people should

check the ice conditions before attempting to use the ice. If it snows before good ice conditions are established, be extra cautious. Do not approach open water areas.

If you think a person is in danger of going through the ice or has already gone through it, do not hesitate to call 911. The fire department needs you to help them help you.

Also, make sure to shovel snow away from fire hydrants in your neighborhood. It is difficult to find them during heavy snowfalls. Take the time, before the snow falls, to locate your nearest fire hydrant.

## Resident supports waterway

by TINA L. SWIECH  
Lakeland Newspapers

A member of the advisory committee for the Chain O' Lakes Waterway Management Agency is pleading with residents to vote for the agency to stay.

On March 15, residents will have the chance to cast a ballot to keep the agency open another 10 years.

Woodrow "Woody" Boedecker, 31-year channel resident and five-year advisory member for the agency, is trying to get the word out about some of the things the agency has been doing, especially lately.

"This last year has been heaven sent," said Boedecker. The advisory member noted the heavy amount of dredging and cleanup work being done to the lakes and river, and he said it wouldn't be practical to see it end.

"We've improved so drastically (in the last 10 years) it would be a shame to throw it all away," said Boedecker.

Praises were given to Chairman Dr. William C. Dam and Karen Kabbes, executive director of the waterway agency. Boedecker explained the ease for Kabbes in obtaining dredging permits, etc.

for work on the lakes and rivers, and attributes much of it to the people she has one-on-one contacts with at other organizations.

Without the agency, Boedecker claims that quite possibly no more dredging will be done. "If this agency were to go dead, there's only one dredge group and they're way down in southern Illinois," Boedecker explained.

The longtime Pistagua Heights resident rationalized that voting for the agency to stay another decade would not mean that any money would be taken from residents' property taxes. Funding for the program would only come from the "user fees" and boat stickers, said Boedecker.

The advisory committee members said he was the first to keep a record of all dredge work by taking photos of it.

Being the president of the Pistagua Heights subdivision, he also said that he has been interested in the earth for a very long time.

Boedecker said he has had a hand in protecting shorelines in his community with the placement of large stones around the channel.

## Referendum

(Continued from page 1)

The board hopes by asking for the increased amount it will avoid having to asking taxpayers for more money a couple of years down the road.

"We have put off some things we have needed to do," said Joanne Osmond, board member. "We do not want to go

back to the taxpayers year after year."

According to board members, the 35 cents per \$100 EAV amount requested by the board is lower than the suggested amount recommended by the Citizens' Advisory Council. The council, which was a citizens group evaluating the needs of the school, had published a number of recommendations two years ago.

# Food Bank moves food to county hunger-fighters

With the season of giving in full swing, Waukegan area food pantries and soup kitchens will receive extra help through the Bethlehem Center Food Bank's Transportation Assistance Program.

The program is designed to alleviate the hunger crisis in Lake County by delivering donated food to a central location for not-for-profit member organizations that provide assistance for the needy residents in their communities. Food will be transported to a donated dock at Cherry Electrical, 3600 Sunset Ave., Waukegan, at least twice a month. The first delivery to the Cherry Electrical dock was on Dec. 15.

Food bank member agencies will call a special food menu phone line to learn what items are available and then phone the food bank to place their order. They

will then pick up their orders at the dock site the next day.

"Mr. Walter Cherry of Cherry Electrical came to the rescue and teamed up with the Bethlehem Center Food Bank to help transport much needed food to our hungry neighbors in Lake County," said David Armistead, executive director. "Without the donation of the Cherry Electrical facilities, we wouldn't be able to implement the Transportation Assistance Program to Lake County."

The food bank serves 13 member agencies in Lake County, including Camp Moyoca, Daisy's Resource Center, Community Help Program and Mt. St. Joseph.

Transportation assistance is provided by the Bethlehem Center Food Bank to Kankakee, LaSalle, Will and Winnebago counties. Since the program began in

September, 1991 the food bank has distributed over 975,245 pounds of food to 34 hunger-fighting agencies in the four counties.

Any 501 (c)(3) not-for-profit organiza-

tion that distributes food to needy people in Lake County area is invited to contact Bethlehem Center Food Bank's agency coordinator, Nancy Barron, at 462-7669 to review their qualifications for membership.

Lake County food pantries were the benefactors of a new area drop-off point for the Bethlehem Center Food Bank. Cherry Electric donated its dock to help transport food to county food pantries. ## Paddock gets 22 months, plans to appeal conviction

by MARY FOLEY  
Lakeland Newspapers

Cheryl Paddock, the Grayslake High School coach convicted of four counts of aggravated criminal sexual abuse has been sentenced to 22 months of periodic imprisonment. Paddock was acquitted of the more serious charges of aggravated criminal sexual assault.

Periodic imprisonment will allow Paddock to leave jail in order to attend psychological treatment. She may also be released during the day in order to pursue employment.

The appeal, while including several procedural errors, will focus in on the

admissibility of prior wrongdoing by Paddock. While, in general, information concerning prior crimes is not admissible evidence, the judge in the case allowed it under the exception to the rule.

Modus Operandi (MO) is the exception to the prior crimes rule. In this case, the state convinced the judge that the prior misconduct amounted to a kind of trademark style in which Paddock committed the abuse.

"I think we have a good chance," said Charles Rapin, Paddock's attorney about the appeal. "The other crime's evidence was inadmissible since the state was unable to establish the modus operandi."

## Free child care training series

Free Training Series "Foundations of a Family Child Care Home" will be held at the Highland Park Hospital. The six sessions will be held on Jan. 4, 11, 13, 18, 20 and 25 from 6:30 to 9:30 p.m. Topics to

be covered are: "Family Child Care Is Your Business," "Parents As Partners," "Insurance," "Nutrition," "Creative Activities," "Health and Safety," and "Discipline." Series will end with an Open House at

a local child care provider's home. This training series is offered by the Child Care Resource and Referral at the YWCA of Northeastern Illinois. To register, call Linda at 662-4283 or (815)459-2644.

# Ranking our worries

## Roads, open space top crime, jobs as top public concerns.

On the national scene, political pundits are debating whether crime and public safety questions have overtaken the economy as Public Issue No. 1 as 1993 draws to a close.

Despite polls in Illinois showing that crime and drug issues are prime concerns, that might not be true in Lake County where statistics show a five percent drop in the county's overall crime rate.

An overwhelming majority of Lake County residents still feel relatively safe. Their concern about crime involves the growing influence of Chicago-style gangs and continued drug trafficking.

Availability of jobs never has been much of a problem here because of our robust growth and development. If we

share any public issue concerns with other Americans it is over runaway taxes and education.

What sets Lake County residents apart are worries about transportation needs, the rapidly diminishing supply of open space and how the two issues are inter-related. Quality of life questions like landfill needs for solid waste disposal which are linked to alterations in the rural countryside have been a driving force in Lake County politics for two decades. Even with gun control becoming a hot button in the suburbs, problems of easy access to weapons aren't expected to shoulder aside taxes, school funding and the environment in this locality.

We have our worries about public issues, to be sure, but it will be a mistake, particularly on the part of politicians and the media to lump us in state and national categories. Lake County is different.

## Letters to the Editor

### Don't manhandle nature

Editor:

The proposal to extend Yorkhouse Road to provide a better transportation network for the Wadsworth area poses a very painful problem:

—On the one hand, it goes without saying that this burgeoning area needs improved road facilities.

—On the other hand, the proposed solution would be at the expense of a significant, natural wetland—significant not only from a natural standpoint but because it is also an important research site. Putting a man-made structure through the wetland could render useless seven to eight years of research on how a wetland functions by disrupting the water flow on

which the research is based.

The problem has been created, in part at least, because development has been allowed to proceed before the necessary infrastructure was in place. But that's over with. There must be some reasonable alternatives that should be explored before a final decision is made.

A number of surveys in recent years indicate the people of Lake County not only desire natural area open spaces but are willing to pay for them and even to experience some inconvenience to preserve them. It is only in recent decades that the full story of how badly man has mistreated his natural environment has surfaced. Here, we have a wonderful natural area that is well on the way to a healthy recovery. Let's not repeat the errors of the past to solve this current transportation problem.

**LADD COUNTRY**---Republican bosses are saying don't believe what a big city daily reported, that Gov. Jim Edgar has tossed his support for attorney general to DuPage State's Atty. Jim Ryan over Jeff Ladd, Metra chairman. Not so, insists State Sen. Adeline Geo-Karis (R-Zion), who's been on the inside with GOP governors for a long time. And Geo-Karis underscored the fact that Lake County is Ladd Country. A resident of neighboring McHenry County, Ladd has been making headlines with tough talk about law and order.

**STILL IN TUNE**---Long-time residents have fond memories of the Swedish Glee Club, an organization noted for wonderful songs and good food. The club long since has closed its landmark restaurant and club rooms in Waukegan, but still is operating out of rented quarters in Lake Forest. This time of year, club members maintain a busy caroling schedule, according to Libertyville Building Com. Raoul Geary, a veteran member of the bass section.

### Babies have rights

Editor:

I'm confused about all the uproar in the media about this woman who has gone against her doctor's wishes and has decided not to have a Cesarean section to deliver her baby. This is the same liberal agenda who says babies don't have rights, the baby does not have rights until it is born, the woman has the right to choose and abort her baby at anytime during her pregnancy. And now these same people are saying this baby has a right to a Cesarean section because it will be retarded or die! Does this baby have rights or doesn't it?

I hope that through all this the courts will realize and decide babies do have rights, that the civil rights of 1.5 million babies in this country are violated each year when they are aborted.

I respect this mother's belief, but I also believe that God gave us the technology to solve these problems. The mother is being threatened with charges (ironically by some of the same people who fight for abortion rights) if the child is born abnormal or dies. If that occurs to the baby, then yes, I believe she has violated the civil rights of that baby. But shouldn't all the other people who have an abortion be brought up on the same charges?

## Rail link undeterred

### Lincolnshire's opposition leaves heads shaking. Why opposition to commuter station?

Rail commuter service on the Wisconsin Central north to Antioch with a link to O'Hare International Airport is assured with or without the participation of Lincolnshire, which is the only community to turn down a stop on line.

The rejection by Lincolnshire seemed to be bound up in internal village board politics more than public opposition. Lincolnshire's participation was effectively shelved when a board majority failed to second a motion to provide \$75,000 for purchase of land at Rte. 22 and Main St. for a station. Mayor

Barbara LaPiana favored the Wisconsin Central link as did a number of citizens.

While other Lake County communities on the Wisconsin Central are pushing ahead with plans for stations on commuter parking lots, Lincolnshire might well question how internal bickering and opposition to westward growth are hemming in the village. Lincolnshire officialdom was taken by surprise when Vernon Hills swooped in several weeks ago to annex desirable commercial property in the historic Halfday area. Coupled with Lincolnshire's continued stand against modernization of Rte. 22, the question begs whether the community really cares what happens on its western flanks.

Meanwhile, commuter service on the Wisconsin Central is due to begin in April, 1996.

### Year ending with Ashley, Michael No. 1

by BILL SCHROEDER

A wire report that Ashley and Michael were the most popular names for children the past year prompted the thought that names, like hemlines and fast food preferences, are ever changing.

Little ones today enter the world with movie marquee names. Whatever happened to sturdy, every day names like Dick and Jane? Come to think of it, family pets have theatrical sounding names these days, too: No more Spots.

The top 10 list for first names went like this:

Girls—Ashley, Stephanie, Jessica, Amanda, Samantha, Jennifer, Nicole, Michelle, Melissa and Christina.

Boys—Michael, Christopher, Jonathan, Anthony, Joseph, Daniel, David, Kevin, Matthew and John.

Compare these fancy monikers to the names in the first grade class of Mrs. Simmons at Rockland School in the post Depression era, with which your writer had some familiarity. There were girls with names like Dorothy, Mildred, Gertrude, Priscilla, Beverly, Ann, Jane, Wilma and Frances. Boys names included a couple of Johns, Stanley, a pair of Williams, Bruce, Ted and Dick. There was even a Burnell.

Today's young parents would face a firing squad before tagging their offspring with names like these. Guess our parents didn't have any imagination. Life was simple and unadorned in those days. Kids got names that reflected the times.

Unglamorous. No-nonsense. We managed to survive. So will today's kids, even if they may be looking for nicknames before long—when styles change.

**CONGRATULATIONS**---Dr. Bill Dam and his brother, Len, are earning well deserved plaudits for the opening of Lilac Apartments in Fox Lake, Lake County's newest senior citizens complex. The Dams have redefined affordable senior housing with a six story building offering accommodations that rivals a swanky apartment hotel, but still is affordable for most seniors because it complies with state and federal guidelines for subsidies. One of the visitors at a ribbon cutting ceremony was Mayor Dick Welton of Gurnee who said a similar facility would be most welcome in his town.

**LOTS OF LIGHTS**---Wauconda residents are displaying lighted white crosses with the same fervor exhibited several years ago when Robert Sherman, the professional Scrooge, forced them to take down a water tower cross to comply with his idea of how church and state should be separated. A few miles away, the imaginative Yuletide lighting display staged annually by Jim Kay, former mayor of Lake Zurich, is drawing rave notices and creating traffic jams. "I always add a few new things and people keep coming back," exclaimed Kay, who is enjoying life as a private citizen.

## No wake rule works

Editor:

Although we had flooding in 1993, we had the cleanest water in 25 years on the Chain O' Lakes because of "no wake" rules imposed.

I maintain a place on Grass Lake for family enjoyment. I won't rest until we can enjoy the place without being harassed by improper lake usage. There is room for all if properly administered.

My friends and neighbors applaud the Dept. of Conservation on the decision to make the Fox River under their jurisdiction "no wake." There was a marked increase in water clarity.

## Road plan threatening

Editor:

Citizens for Conservation is a Barrington area land preservation and restoration organization in southwestern Lake County. We and other conservationists across the country have watched the progress of the Des Plaines River Wetlands Demonstration Project since its inception in 1983. CFC believes that it would be short-sighted to damage this successful project by extending Yorkhouse Road through the wetland.

This pilot wetland is cleaning polluted and silt-laden water by directing it through marshes heavily vegetated with native wetland plants. The project demonstrates how flood water storage and natural purification can be combined to achieve these goals as well as provide a bonus of new superb wildlife habitat and a place of restful, scenic beauty along an uninterrupted three-mile stretch of the Des Plaines River.

The Des Plaines River Wetlands Demonstration Project is a beacon symbolizing that we in Lake County understand both the fragility and the value of our natural environment. Commonwealth Edison has acknowledged that this road is necessary for their operations. We encourage the Lake County Board to reaffirm their belief in the importance of natural areas and innovative efforts to protect them by finding another more environmentally-sensitive route for a road if one is needed.

## Beware of dark suits

Editor:

I address the annexation into Hawthorn Woods, property located at Hawley, Gilmer and Owens Roads. It is held by Inland Properties of Oakbrook, a development corporation. How coy and naive, we, the residents of the surrounding area must be, to think that Lake County zoning laws would prevail in the development of this property, as was the case when we built!

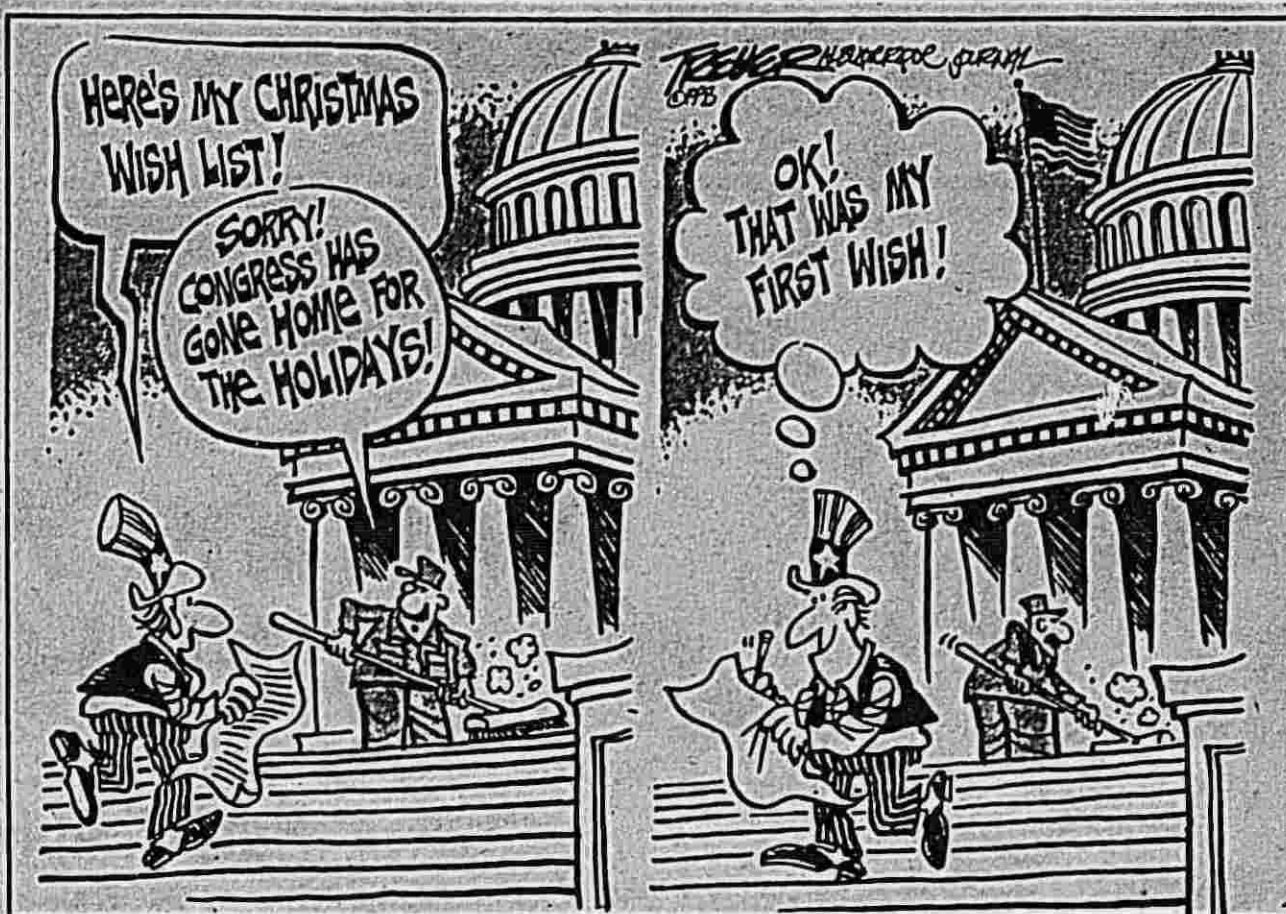

Stop! enter tall, slender, silver-gray haired gentleman with glasses, but they wear dark suits. You may have thought of someone's grandpa first, but actually they are the "undertakers" of our community. They are the people of Inland Properties, who with the support of the zoning commissioners and trustees of the Village of Hawthorn Woods, shall condemn a large number of people and their property to a quick, but painful death!

It is truly amazing what crafty lawyers and so called "big" businessmen can talk people into, just so they can make a buck! In this case, the Inland people convinced a "key" property owner to annex his parcel of land into the Village of Hawthorn Woods, so they could use it as a "stepping stone" to annex their property into the same village. Under Hawthorn Woods zoning, Inland is allowed smaller lots per house and less open area. Higher density means more of everything: school enrollment, traffic, water usage, poorer storm drainage and of course, more money in the developer's pocket!

Beyond the denser building permitted by Hawthorn Woods zoning, their "officials" gain more property to the north of "village center." Hawthorn Woods would border three sides of hundreds of acres of land, which presently is unincorporated larger acreage residential and farm land.

Unfortunately, this would totally destroy the freedom and life style of the present residents, almost all of which, have larger tracks of land per home and or large domestic animals, raise their taxes and condemn them to live under Hawthorn Woods rules! Welcome to the next Schaumburg folks!

## SEDOL districts will hear need for another school site

Lake County school districts will soon hear details of a proposed new building for the Special Education District of Lake County.

The governing board of SEDOL has authorized the administration to meet with the 37-member school districts.

"There had been a need for a long time. We use seven student centers, but only own four: Laremont, John Powers Center for Hearing Impaired, Sally Potter School and our Viking Park site," John Anderson, superintendent, said. "Our goal is to own our own buildings instead of renting," Anderson said.

A diagnostic center and administration would be housed in the new building. The leading location is adjacent to the Laremont School site. The district owns 22 acres in Gages Lake.

A Waukegan architect, RRP has conducted a new building needs study.

The district has an enrollment of 2,200 students, serving ages 3 to 21.

"Districts keep taking back their programs, but the enrollments keep growing," Anderson said. Round Lake is one of the leaders in this category.

"We want to have the kids educated as close to home as possible," Anderson said.

The proposal for the new building was considered two years ago but delayed due to the tax cap.

Member districts would be assessed an annual funding fee to finance the building. It is not known if a bond rating would be needed or the length of the bond issue.

School districts such as SEDOL legally will be able to sell bonds due to a Jan. 1 law.

## Lilac apartments herald new era in housing

by TINA L. SWIECH  
Lakeland Newspapers

About 200 expected guests showed up to participate in the ribbon cutting event for Lilac Apartments in Fox Lake which are being heralded as the "only affordable senior housing project in the state of Illinois," according to developer Dr. William Dam.

Among the dignitaries in attendance were State Senator Adeline Geo-Karis of District 31; State Senator Bill Peterson of the 28th District; Al Salvi, state representative of the 52nd District; and Robert Churchill, state representative of the 62nd District.

"This is probably the best senior citizens' building in the whole Lake County. It's quality all the way," said Geo-Karis.

Dam said 30 people are planning to move into the 105-unit complex, with several hundred on Lilac's mailing list.

The apartments were built in record time with the swiftness of labor from ELBT Construction Company, owned by Fox Lake Village Trustee Jim Thillen.

Reverend W. Paul Weeg of Trinity Evangelical Lutheran Church in Ingleside gave the invocation.

The building owner praised Chicagoan Emmett Hines of CDC Consultants Ltd.

for working with the Dam brothers to help get financing for the \$7 million, 100 percent handicapped accessible building.

"Hines convinced the McHenry State Bank it was a good project," said Dam.

The financial consultant explained that he just had a "good" feeling about the senior apartments.

The parents of the owners, Leo and Viola Dam, also the first to move into the building, were praised by Dam and his brother, Leonard, for the support they've given in the family venture. Meredith and Sue Dam, wives of both brothers, assisted with marketing.

The Fox Lake Police Department and the Fox Lake Area Fire Prevention District were also recognized for their assistance with the new alarm systems at Lilac.

Wendy Sams-Tepper representing Congressman Phil Crane of the 12th District told the crowd, "I can't wait till I'm old enough to move in here."

Michael Lescher, school board member for Fox Lake School District 114 and a Realtor, wasn't scheduled to play, but took to the baby grand keys nonetheless and filled the building with beautiful Christmas melodies during the grand opening festivities.

Some ate a lilac colored cake—perfect for the event, in the library/sitting room, while others mingled in the foyer near the

fireplace or on the other side in the community kitchen near a pencil Christmas tree.

With scissors in hand State Senator Bill Peterson, of the 26th district cuts the red ribbon officiating the grand opening of the Lilac Apartments senior housing project. ## Super Kmart hangs out 'Help wanted' sign

by SUZIE REED  
Lakeland Newspapers

It doesn't look at all like a Kmart. The stone facade on the outside is but a harbinger of things to come.

The construction on south Milwaukee

Avenue in Vernon Hills is bringing no ordinary discount store. One of four Super Kmart Centers going up in the Chicagoland area, this one-stop marvel may be like no other.

Occupying over 180,000 square feet,

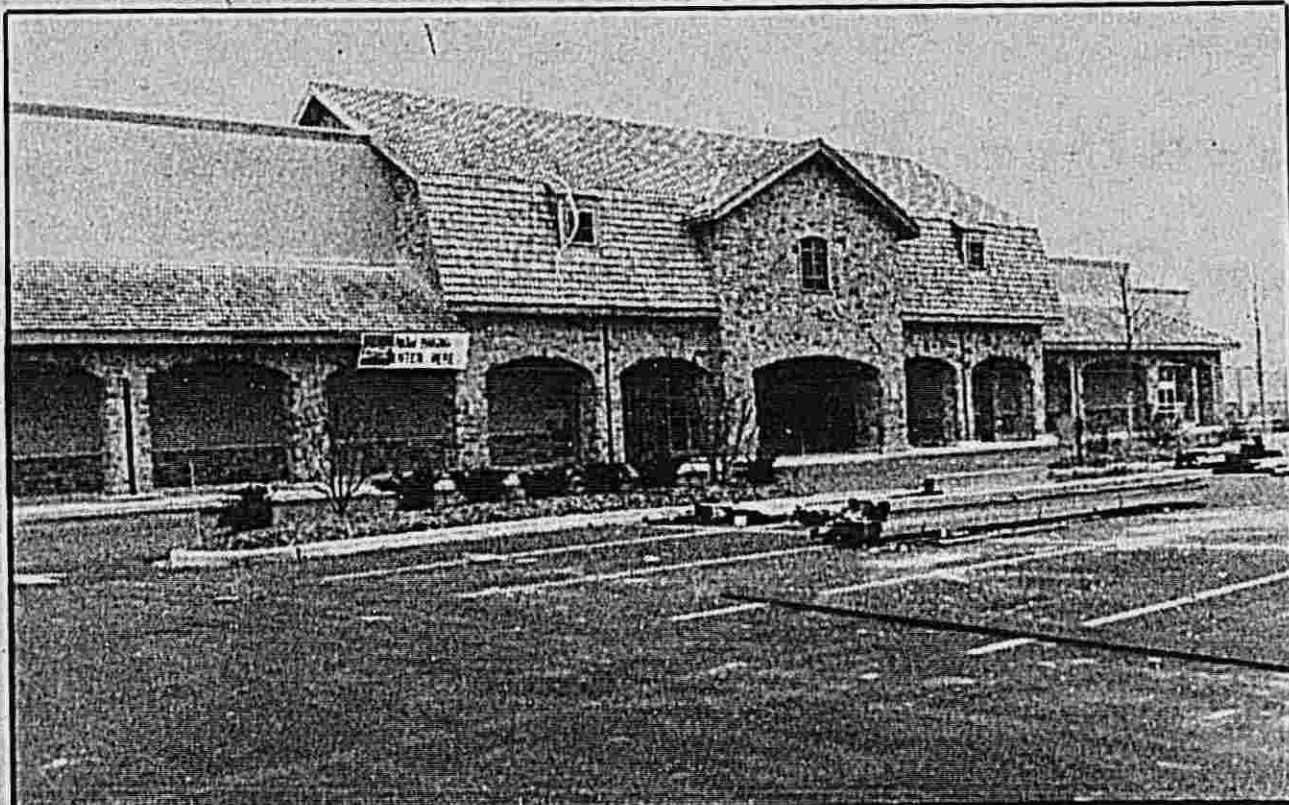

twice the size of a typical Kmart, the store will operate 24 hours a day, seven days a week, offering everything from complete optical services to Oriental food to go.

Like an entire shopping center in one store, the center will include the complete line of wares that Kmart shoppers are familiar with as well as a full service grocery, bakery, floral service, video rental,

pharmacy and shipping service.

"The Vernon Hills area continues to be a growing community. Kmart wanted to be a part of it," said store manager Don Richter, a 17-year veteran who began as a stock boy in high school.

With the opening of this store early next year, Kmart will employ over 13,000 people in the state of Illinois.

## Lakeland Plaza is sold

by TINA L. SWIECH  
Lakeland Newspapers

The Lakeland Plaza in Fox Lake has been sold.

According to Ken Birchard of the Fox Lake State Bank, Chicago businessman Dwight Yackley placed the winning bid, Dec. 15.

The asking price was \$1.15 million, just what the new owner bid, according to Paul Demik of the David Kaufman & Company in Chicago.

Demik said only two registered bidders were present at the auction at the Hartford Plaza on South Wacker Drive the day of the auction.

Many others came to watch, however, including Fox Lake Mayor Ken Hamsher, Village Trustee Jim Segin and Birchard.

Demik said the individual who purchased the site has experience with shopping centers and plans a major rehab at Lakeland Plaza.

The plaza has been around about 30 years and has not been as productive as it once was. Currently several of the storefronts are empty, as businesses such as The Globe and Sears have moved on.

A Woolworth's store remains, along with a video shop, the Pik Kwik Food Store, Walgreens Pharmacy, a Hallmark store and a laundromat.

# Be confident, investigate financial advisor

## Investment Trends

by Noah A. Seidenberg

Investment representative

Let's wind up our discussion of investment goals by considering what emphasis should be placed on the advice of your broker, financial planner, consultant or whomever you look to with

some degree of confidence.

With most people, next to their faith in God, their family and their health, the most important thing to them is their finances. Finances are definitely an important part of our lives.

Doesn't it make sense, then, to be as selective in accepting advice on your investments as you'd be with other important decisions in your life? Yet so many of us are "sold" on investment without understanding exactly what it is, its risk or its return. We take the word of someone that it's a good investment, that it'll make money. So, we invest.

Regardless of whom we choose as an advisor, that individual should meet certain requirements. First of all, are we reasonably assured that he or she is honest

and has our best interest at heart? Has he or she seriously attempted to determine what we want our investment to achieve or has our advisor tried to sell us a bill of goods? What are his or her credentials? Any professional is delighted to discuss educational background, graduate study, specialized training and registration. Ask for references. Investigate financial advisors as you would investigate physicians or attorneys. It'll be time well spent.

Once confidence is established, be

candid. Remember, the information given is held in absolute confidence.

In summary, when selecting an investment, for safety, income or growth, seriously weigh your personality, current position in life, future needs and the advice of a professional. Plan it out!

Investment term of the week: Investment Counsel. One whose principal business consists of acting as investment advisor. A substantial part of an investment counsel's business consists of rendering supervisory services.

## Real Estate Personnel

### Pam Podstawa

Pam Podstawa, broker associate of Century 21 Leech and Assocs., Lindenhurst, received a Century 21 Regional Award for over \$1 million in sales for the third quarter of 1993. Podstawa is a consistent multi-million dollar producer and one of the top agents at Century 21 Leech. She specializes in new construction residential resale and is a designated relocation specialist. Podstawa resides in the Antioch area with her husband and three sons.

### Nancy Runyard

ERA Results Real Estate, Inc. has joined the ERA Real Estate Network, located in Grayslake, which has more than 3,000 member brokers and is the second largest real estate franchise organization in the nation. "With ERA's own national multiple listing service, relocation network,

Buyer and Seller Protection Plans, and so many other exclusive product and services, this was an easy and exciting opportunity to take," said Nancy Runyard, broker/owner.

### Shirley Humecki

Shirley Humecki, a resident of Lake Villa, achieved top sales for Koenig and Strey's Libertyville office, with over \$1 million, in October. She also was the top lister for the month of September. Humecki has been in the real estate business since 1978 and specialized in relocation and lake properties.

### Gloria Brda

Gloria Brda, Realtor associate of Century 21 Leech and Assocs., Lindenhurst, has closed over \$3.5 million in transactions for 1993. Brda, the top officer producer for

a decade, has been a real estate professional for 13 years. She is a consistent multi-million dollar producer achieving the Century 21 Top Seller Regional Award for the last six years. Brda specialized in residential sales and corporate relocation. Brda actively serves on the Grievance Committee for the Lake County Assn. of Realtors. She resides in Lake Villa with her husband and two daughters.

### Tom Jakubik

Tom Jakubik a real estate broker with RE/MAX Experts reported the sales of over \$3,147,000 in the first half of 1993. The properties are located in Cook and Lake counties and ranged from single family homes to a 16-unit apartment development. Jakubik has sold property in north Cook County and Lake County for more than 20 years.

## Modest hiring gains envisioned

Employers in the Lake County area forecast a pleasant hiring climate the first three months of the new year, according to businesses questioned by Manpower Inc. about early 1994 staffing projections.

The First Quarter Employment Outlook Survey results indicate 21 percent of those interviewed will add workers during this period while 14 percent intend to reduce staff and 65 percent anticipate no change.

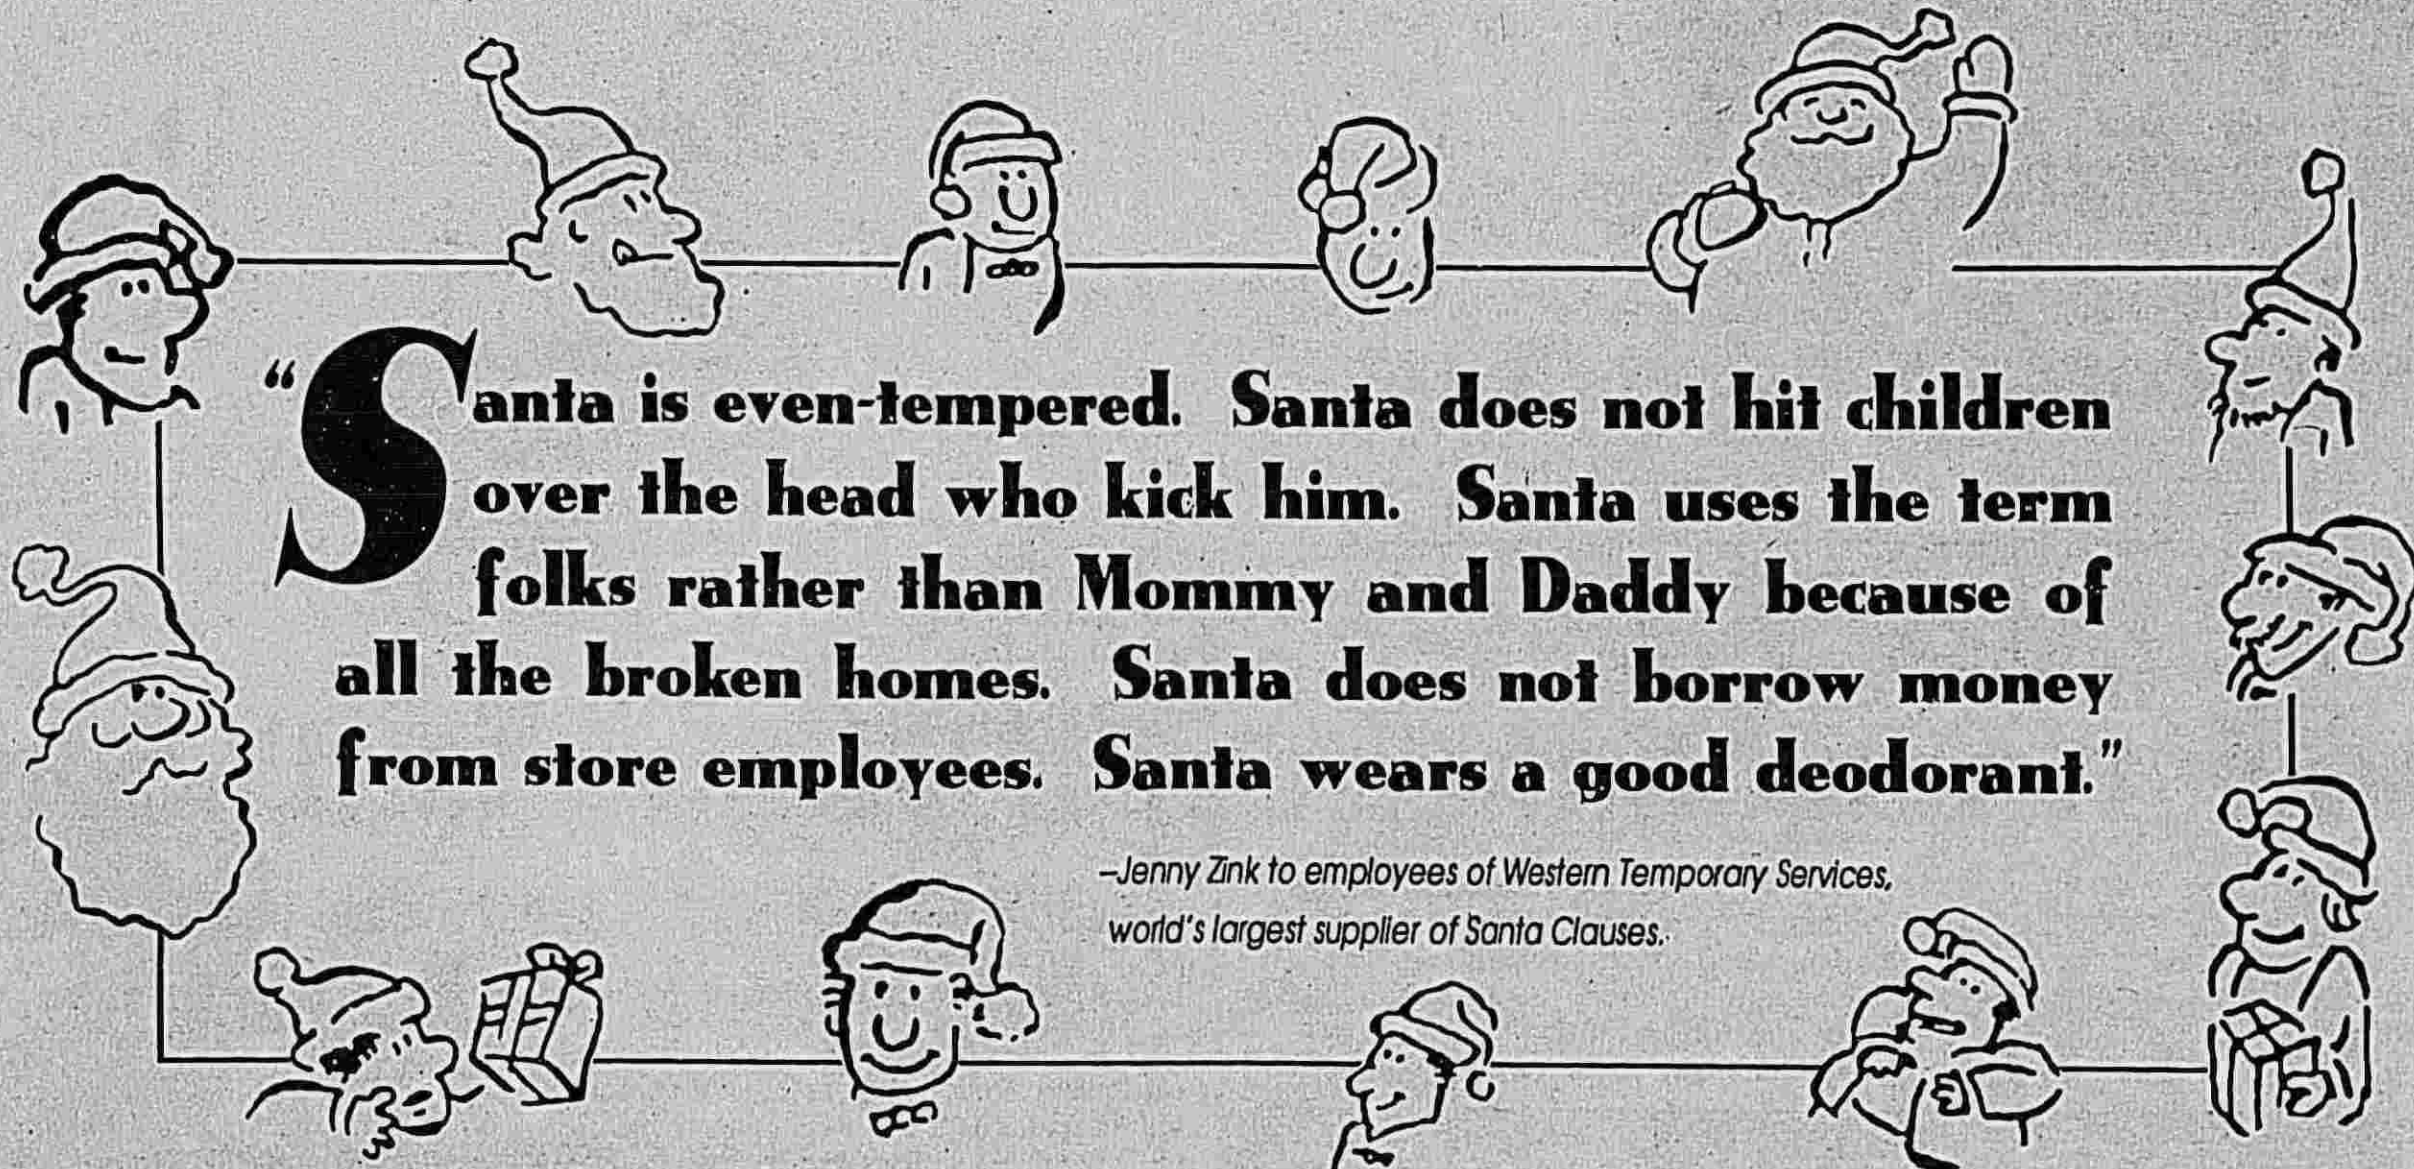

Manpower spokesperson Chuck Bartels commented, "Led by the shedding of holiday help and other seasonal cutbacks, January, February and March are typically subdued employment months. The outlook was similar a year ago at this time as 20 percent predicted a boost in hiring and 13 percent reported workforce decreases. It was less promising three months ago when 10 percent said they would add to their payrolls and 13 percent planned reductions."

Job opportunities appear best this winter in construction, non-durable goods manufacturing, transportation/public utilities and finance/insurance/real estate. Staff

reductions are expected in durable goods manufacturing and wholesale/retail trade.

On a national basis, the outlook is brighter than in any first quarter since 1990 as 18 percent intend hiring more workers, 13 percent expect cutbacks and 66 percent will remain at present levels. Significantly, the durable goods manufacturing and finance/insurance/real estate sectors are quite optimistic.

Manpower Inc. conducts the Employment Outlook Survey on a quarterly basis. It is a measurement of employers' intentions to increase or decrease the permanent workforce, and during its 17-year history has been a significant indicator of employment trends. The survey is based on telephone interviews with more than 15,000 public and private employers in 470 U.S. cities. Manpower Inc. is the world's largest temporary help firm, annually providing employment to nearly 1.5 million people through more than 1,850 offices in 34 countries. Office services account for more than half of the assignments in which its temporary workforce is engaged.

# Spoke & Ski gives warm gift to homeless, abused

It's an early Christmas gift for battered women and their children who have found shelter in A Safe Place Lake County Crisis Center and the WINGS (Women In Need Growing Stronger) Program, Inc. in Cook County. Customers of Spoke & Ski specialty store in Vernon Hills and Park Ridge worked together to donate 43 winter jackets for homeless and abused women and children from Cook, Lake and McHenry Counties.

This important donation presented to A Safe Place and WINGS representatives was the warm result of the third annual ski

*'Our residents are always in need of warm clothing, especially jackets for the winter season and these donated gifts are very much appreciated.'*

— Kathy Ross, WINGS executive director

jacket trade-in program sponsored by Spoke & Ski stores. The trade-in program, which ran from Oct. 23 through Nov. 24, called upon area residents and customers to bring in their usable, clean adult and children's winter jackets to Spoke & Ski stores in Park Ridge and Vernon Hills for a \$20 discount on a new adult ski jacket or \$10 off a new children's jacket.

"We were really excited by the heartwarming response we received from customers and area residents who rushed into our stores to donate their winter jackets to the women of these area shelters," commented Vince Clemens, owner of Spoke & Ski stores in Park Ridge and Vernon Hills. Spoke & Ski has sponsored the ski jacket trade-in program for the past three years to help out local charities and

organizations in need of warm outerwear.

"We are so pleased to receive this donation of winter jackets for the women and children of our shelter," commented Dawn Biglow, facility manager, A Safe Place in Lake County. "We have women and children who come to our shelter in the middle of the night with nothing but the clothes on their backs, so these warm jackets are a timely and most needed gift."

A Safe Place Lake County Crisis Center was opened in 1980 with a mission to provide a comprehensive program to eliminate domestic violence by providing temporary shelter, counseling and support groups for battered women and their children. Serving people from Lake, McHenry and northern Cook Counties, A Safe Place also has satellite support groups in Vernon Hills, Deerfield and Round Lake.

"We were so grateful to have Spoke & Ski stores contact us regarding their special program of collecting winter jackets for those in need right in the northwest suburbs," said Kathy Ross, executive director, WINGS Program, Inc. "Our residents are always in need of warm clothing, especially jackets, for the cold winter season and these donated gifts are very much appreciated."

Established in 1985 as a not-for-profit corporation, the WINGS Program, Inc. is a residential transitional living program for suburban homeless women and their children with facilities and counseling services located in Des Plaines, Park Ridge and Palatine. Not a one-time handout, the WINGS program is a growth program that offers residents the staples of food, clothing and shelter so they can refocus their concerns on building a better life for their family.

In the past, Spoke & Ski stores have donated jackets to other worthwhile charities, including the Children's Life

Enrichment of Chicago, a social service organization dedicated to improving the lives of Chicago's inner city youths, and the National Ski Patrol, a federally

chartered not-for-profit organization. Spoke & Ski owners are already putting together plans for the fourth annual jacket trade-in program in November, 1994.

Kevin Harrington of Des Plaines and Vince Clemens of Lake Zurich, owners of Spoke & Ski specialty stores in Park Ridge and Vernon Hills, present 21 donated winter jackets to Carol Hannigan of Libertyville (center) a member of the Board of Directors for A Safe Place Lake County Crisis Center, a shelter, counseling and support group for battered women and their children. The jackets were donated as part of the Third Annual Ski Jacket Trade-In Program sponsored by Spoke & Ski stores during the month of November.

# Christmas Tree Directory

## Breathe deeply at Christmas

Breathe deeply at a Christmas tree farm and you will enjoy not only the fresh pine fragrance, but also fresh, oxygenated air. That's because of photosynthesis—the trees absorb carbon dioxide-laden air and emit oxygen.

This process of removing excessive carbon dioxide and other harmful gases from the atmosphere also delays the earth-warming "greenhouse effect."

Just one acre of Christmas trees produces the daily oxygen require-

ment for 18 people. Young trees in their rapid growth years have a high rate of photosynthesis and thus produce more oxygen than older trees.

For each Christmas tree cut, two to three trees are planted. In the United States, there are approximately one million acres in production for growing Christmas trees. This translates to oxygen for 18 million people per day.

After the holidays, a Christmas tree has many uses:

1. Place the Christmas tree in the garden for use as a winter bird feeder

and shelter. Use orange slices and bird food to attract birds.

2. Christmas trees are biodegradable. The branches can be removed and used as mulch in the garden. The trunk can be chopped for mulch.

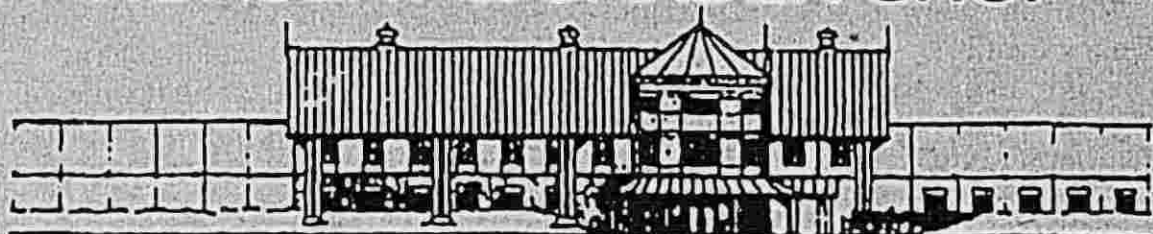

3. Large quantities of trees make effective sand and soil erosion barriers, especially at beaches.

4. Sunk into fish ponds, trees make excellent refuse and feeding areas.

5. Balled and potted trees can be planted in the yard for added years of enjoyment.

## EHS network expands services

EHS Family Care Network has expanded services provided by its Center for Family Living to the Barrington and EHS Good Shepherd Hospital area.

"The Center for Family Living is a place in the community that families can rely on as they face many of today's challenges," said Thomas Holden, D. Min., coordinator of the marriage and family therapy training program for EHS Family Care Network.

The center provides:

- A nationally accredited postgraduate training program in marriage and family therapy
- Therapeutic services to those who are unable to afford standard fees or do not have insurance
- Educational programming to the community through Family Life Education Programs and Family Life Education Centers

• Research into family issues

"We hope to reach out to families who are not now being served in this area," Dr. Holden explained. "For over 10 years, EHS Family Care Network has offered a training program in marriage and family therapy at EHS Christ Hospital and Medical Center (Oak Lawn) through which we've instructed graduate students in family therapy and served the southwest suburban area.

"Our dream is to offer the same kind of care and programming to communities served by EHS Good Shepherd Hospital."

Center for Family Living staff members include Linda Heideger and Shirley Dorrough, graduate students who currently work at Family Care Network's EHS Good Shepherd office. Heideger, a former teacher, is com-

pleting her degree in pastoral psychotherapy at Loyola University. Dorrough is a Psy.D. candidate from the Illinois School of Professional Psychology. She has over 10 years of experience working with children and adolescents and is writing publications about the relationship between self-esteem and pregnancy among teens.

The graduate students are supervised by licensed clinical psychologists and approved supervisors in marriage and family therapy. John F. Smith, Ph.D., the corporate director of EHS Family Care Network, and Christopher Higgins, Psy.D., the clinical director, oversee all the programs of the center.

For more information or to contact the Center for Family Living, call EHS Family Care Network at 346-5169, (815)722-6866 or the toll-free number, 1-800-216-1110.

# Winter Rec guide

## Driving tips for holiday travel

The holidays bring increased traffic to Illinois roads. This also is the beginning of the winter driving season, and snow, ice, fog and freezing temperatures can make driving hazardous. Wear your safety belt and take extra precautions to ensure a safe trip and a happy holiday season.

**Q. What should I do before leaving on a winter**

**driving trip?**

**A.** Plan ahead. Start with a full tank of gas, and be sure to pack several blankets, extra food, a first aid kit, lighters or matches, a flashlight and a shovel in case you get stranded. Also take gloves or mittens, scarves and a hat or stocking cap. During extreme cold, 50 to 75 percent of your body heat is lost through your head.

**•Listen to the weather forecast before your leave town. If bad weather is in progress or forecast, call the Illinois State Police to monitor road conditions and plan alternate routes.**

**•Let friends and relatives know when you are leaving, your expected arrival time and the route you will be taking.**

**Q. What should I do if I become stranded in a**

**winter storm?**

**A.** Turn on your hazard lights, lock your doors and remain in your vehicle until help arrives. Run your engine for brief periods of time to keep warm. Avoid the hazard of carbon monoxide poisoning by keeping a window open slightly, and check to make sure that snow, dirt or ice is not clogging the exhaust system.

## 'Yes, it's that time of year again'

That phrase is one that affects each of us differently. As the holiday season comes and goes we all look at the new year with apprehension. How many times have we made New Year's resolutions with great intentions, only to dread seeing the end of December arrive? Many of the well meaning goals we set were forgotten with the arrival of the spring season. Perhaps, this is a year to try something different; a year of change. After all, just because making New Year's resolutions is a tradition in this society, it doesn't mean the pattern can't be interrupted or the tradition changed.

Why not try something different? One idea is to list all of your major accomplishments for the year. These would include personal and family accomplishments as well as

professional or work related accomplishments. What a great way to look at the productive use of your time during the past 365 days rather than be frustrated over what you did not accomplish. Next, Write. Yes, write down anything you have thought about for years, that you would like to do. Disregard the barriers you see as reasons why you can't or

haven't done those things. Make a list. A long list. Let your mind wander and think of all the possibilities without restrictions.

At this point, select just a few of the items from the list and individually determine why you have not done it before now. Discuss it with other people who care about you and your interest. Set a realistic time from to

explore the possibility of how you can accomplish each item, one at a time. List who can help you reach your goal, what the barriers may be in reaching that goal, and the steps involved to get started.

By the end of the year, you will be able to look at some achievements instead of dwelling on what you didn't get accomplished.

## Believing in Santa creates sense of magic, warmth

Magical thinking and belief in Santa Claus can help children—particularly younger ones—meet their own needs to see the world in a positive light, according to experts at Loyola Univ. Medical Center.

Suspending rational thinking allows a mythical Santa to produce and deliver gifts and enables children to see their parents as loving adults and

perfect role models, said Loyola child development specialist Carey Halsey.

"The pre-school years are predicated on magical thinking," Halsey said, adding that children too soon learn about violence, divorce and life's other harsh realities.

Even though families tend to perpetuate the Santa myth as the child develops and grows older, says Dr. Sidney Weissman,

he sees no harm being done. Dr. Weissman is director of Outpatient and Emergency Psychiatry at Loyola.

"If the myth of believing in Santa were dangerous, there would be a lot of damaged souls out there," Weissman said. "Most cultures have developed a way of acknowledging the specialness of children."

However, he and other experts advise parents that as children begin to question Santa's existence, each child's situation should be handled differently.

"If the child is asking the question of whether or not there is a Santa Claus, then most likely he or she is ready to handle the answer," said child psychiatrist Osma El-Shafie. Dr. El-

Shafie is director of Pediatric Consultation Liaison Program at Loyola.

He said to ask the child "what do you think?" to gauge the stage that the child has reached with his or her belief in Santa.

"Each child's level of reasoning develops at different rates."

"Find out if the suspicion is concrete or not," El-Shafie said. "The child may be really asking for confirmation that Santa Clause is real."

Some people indicate that parents should not perpetuate the myth of Santa because, from the child's perspective, the child will feel the parents have lied. Halsey disagrees.

"They (informed children) want to be a part of the myth with the younger

children in the family, and they are usually not angry," Halsey said. "They are just happy to find out because they were afraid to tell they did not believe anymore."

Children who say they feel betrayed by the Santa tale are most likely using the Santa complaint as a framework for expressing something larger.

"If a child has a problem with being misled, it usually indicates that something else is going on within the family," said Weissman.

Halsey said that children will eventually have to deal with tougher and harsher issues than learning Santa is only a story.

An approach in presenting Santa Claus to older children would treat him more as a fairy tale

than as a myth, said El-Shafie.

"A myth is when Santa Claus becomes an actual part of a child's life," El-Shafie said. "As expectations rise, children write letters to Santa and wait for him to appear. They think he is real."

The fairy tale is an easier way for older children to relate to Santa, said El-Shafie. It acknowledges the tradition of Santa Claus, but explains that mom and dad give the gifts—not Santa.

At the same time, the fairy tale approach establishes that the Santa Claus figure remains a traditional figure during holiday festivities, even though the child is aware that Santa does not carry gifts down the chimney.

## Break through the barrage of excuses for not exercising

Regular exercise is the key to a happier, healthier life, but all too often, exercise and excuses go hand in hand. It's been said over and over again how important exercise is to one's physical and mental well-being, but when it comes down to doing something to change their lifestyles, many people's excuses become greater than their determinations.

Those who are motivated to exercise take the time to work out at their local fitness club or participate in other athletic endeavors. But being motivated is the key. Society, more often than not, encourages sedentary, unhealthy lifestyles that are hard to reverse once habit sets in.

Whether you're a once-a-month exerciser or a complete couch potato, the list of benefits to be gained from exercise may

be longer than you think.

Besides burning calories, regular exercise can stimulate the mind as well as the body's energy level.

Here are some tips for getting on an exercise binge:

•If you don't already belong to a health club or exercise program, sign up now. Not only will you sleep better, look better, and suffer fewer colds and illnesses as a result.

•Don't exercise without warming up first. Joints are often stiff and muscles contracted in colder weather. A good warm-up regimen consists of movements simply to get the joints and muscles working.

•Jogging is a great aerobic workout.

•Walking for fitness can be incorporated into busy days or your lunch hours.

•Replenish your body with plenty of liquids.

IT'S THE TALK OF THE TOWN

Lakeland  
Newspapers

(Continued from 4)

kids to read them, does not give you the right to deprive anyone else. The librarian is right. If you don't want your kids to read them, you need to be there with them.

### Bad ice tea

Take heed, do not drink ice tea in Fox Lake. I ordered some and it tasted and smelled like a sewer. When we brought it back we were told that no one likes the ice tea in Fox Lake because of the water quality. But, I never had sewer water ice tea before in Fox Lake. Has this happened to you?

### Crazy or not

Hey Jim, do you still think that lady in Felters Subdivision is crazy?

### Right to know

Just who the heck does the Antioch Township Supervisor Jim Fields think he is representing when he tried to sneak in a vote for retirement insurance without even investigating the cost. I am a taxpayer and I have a right to know how much this will increase my taxes before it is voted on. Is he finally planning on retiring and is hoping to get the township to pay for his and his family's medical bills? Come to the meeting on the second Thursday of the month to object to this farce.

### Running out

Smoking marijuana kills brain cells. Obviously you have none to spare.

### Pure poison

Marijuana is not pure, it is made up of over 400 chemicals. So what if it is a good time, leave it to a stoner to say something like that. Heroin is natural too. Wake up and check out a program. Sounds like you need it. Take it from someone who had one.

### Duh

All drugs come from a natural source in one way or another. So, go ahead and legalize pot so that our nation's mentality can be just like that of Bevis and Butthead.

### Long story

Crosses aren't a sham. This is in response to the person who charged that the crosses in Wauconda "are a protest against the enforcement of the first amendment." Dear simple minded, someone once told me that the brain should be connected to the lips before engaging the mouth into speaking. Even in this column both you and I are able to maintain different beliefs, and yet be fairly represented in our opinions, thanks to Lakeland Newspapers. What happened in Wauconda is a different story. While atheist Robert Sherman's rights were both represented and protected, an entire community of Christians were symbolically gagged when their first amendment rights were illegally stripped from them by the courts. As to your "tyrannical theocracy like Iran" idea, I am just wondering, were you ill when you called Lipservice?

*Editorial note: Dear reader, while your arguments were brilliantly stated, we simply did not have enough room to put in the entire message. Please consider sending a letter to the editor so that others can read your opinion.*

### Twins club

I am responding to "Double dilemma." Libertyville has a club called Mothers of Twins Club. They meet once a month. Maybe they can help.

### Not deserving

That woman in Chicago fighting to have natural childbirth despite the danger to her child's life makes me sick. The only good thing that could come from that child being born dead is the fact that she does not deserve to be a mother.

*Editorial note: Dear reader, despite your strong feelings we are sure that you hope the best for everyone involved.*

### Born and raised

Ralph Davis did not come to Round Lake Beach, he was born here. When Cedar Lake Road was a dirt road. The truth should be known.

### Yum

I have a solution to the guy complaining about prison food and the animal activists. Take all the guys on death row and do medical experiments on them. When they die, cook em up. I bet they would taste just like chicken.

### Money priorities

Round Lake School district should not raise the school taxes. If they can afford to give Davis a 42 percent raise and spending money to the board members they should be able to afford to educate the students.

### Helpful book

This is for "Double dilemma." I'd like to suggest a book called "Making Children Mind Without Losing Yours," by Dr. Kevin Lehman. I hope it will help, it did me.

### No sham

A cross is never a sham. People who have love for Christ are proud to show the cross.

### Growing out of it

I am calling for "Double dilemma" and "Getting it together." I have a set of identical twin boys who are just turning four. When they were two they used to abuse each other, bite each other, and make each other bleed. It is just a stage and they will grow out of it. Twins are a lot of fun and keep looking to the future. I am from Wauconda.

### Try commuting

Obviously, those people who have called in against the Route 53 extension have never had to commute to and from the city to the Northwest suburbs. Probably, they do not drive much at all during the rush hour. Otherwise, they would know how desperately this area needs additional roadways including the 53 extension. Chicago and the State of Illinois should be embarrassed about their roadway system.

### Auction information

I haven't read anything recently about the Lakeland Plaza going up for auction. Does anyone know anything about that?

### Christmas thief

I am so peeved. People cannot buy Christmas stuff to put it outside without worrying about someone stealing your decorations. How can you steal Christmas decorations? I hope when you look in the mirror you see the thief that you are. It mortifies me. I hope you are caught.

### Drop out city

With 64 percent graduation rate, Grant High School should look long and hard for a new superintendent. Maybe the president of the school board should resign too. It is time for a change.

*Editorial note: Dear reader, please see our business section for that information.*

### Younger man

Hey you people picking on Sniper. Good job. That kid has no life. He spends all his time on the CB. He is only 11 years old, not the 16 years old he tells people.

### Liberating experience

This is to "Legalize it." You said that smoking marijuana is fun so stop trying to brainwash you. Well, you don't have to worry about me trying to brainwash you. In order to do so, I would have to use a "fleet" to do the job. Maybe someone will explain that to you.

### More costly

Who is going to pay for the property or rent for the towers in Lake Villa? Who will pay for the dispatcher? I think the money is greater than you reported in the article.

### Police have requested reporter

"Crimeless in Lake Villa" wants to reduce the police force because there are no police reports in the newspaper. The person should know that the Lake Villa Police Department has requested that a reporter come in and look at any reports. If they don't come in, they don't print anything. This is an excellent run police department. Remember, there is crime in every village and Lake Villa is doing a great job.

*Editorial note: Dear reader, Don't blame the reporter this time. The reporter has been to the station every Tuesday morning to pick up the information. However, no information has been available for several weeks.*

## Santa lives in the heart

Is Santa Claus real? Does he really live? According to one little girl, who had doubted his existence, "That is the real Santa!"

The jolly old elf with a beard as white as the snow, and cheeks as rosy as his suit, exists in the heart and soul of a Lake Villa resident who assumed the role he was born to play 21 years ago at the birth of his niece.

You can see Father Christmas, Old St. Nick, Kris Kringle, whatever you want to call him, this time of year virtually on every street corner, in every shopping center around.

But when Chuck Bista of Lake Villa meets up with that famous fella, something happens. "It brings out the best of warmth and love," said Bista.

If Santa isn't truly born in the spirit, then all is in vain. "If you can't play it from your heart and soul, the children and the adults will know," said Bista.

Santa (a.k.a. Bista) once was asked to come to a home where a woman was dying of cancer.

Family members there were in tears when Santa Claus was leaving. Apparently his presence had caused the failing woman to laugh and enjoy the time with the North Pole man so much.

Relatives said they hadn't seen her that way in years, and begged the bearded angel to come back again soon.

Around the same time he's gathering lists of toys for good little boys and girls, Santa also travels to Chicago where he is the main focus for a huge event.

The Variety Club Children's Charity held at Medinah Temple is where 700 handicapped, abused, and needy children come to get a glimpse, and tell a wish in the whiskered face of Santa.

Children nowadays still ask for

toy trucks, and Barbie dolls and puppy dogs, but the number one gift that shows a downward change in the times is something that even Santa had to think before

by TINA L. SWIECH

addressing.

"The biggest, saddest things the kids are asking for this year is for their parents to get back together," said Santa. "It's very hard. I tell them that the most important thing to do is to believe and to pray and then I tell them that both parents love them."

Older kids-at-heart also applaud when

they see the beloved figure approach their nursing home, said Bista. Throughout the season, he visits many, and always he's anxiously waited for.

Never having any children himself, but being instilled by a strong sense of family values and love, Bista said he felt he had something he had to do. "I do it because I know how special these little children are. Many of them have nothing at all."

"It makes me so, so happy that I can bring joy to them, even for an hour or so. Money or words can't ever replace it," stated Santa, off to make more dreams come true.

## Hansel and Gretel on stage with Papai Players

Hansel and Gretel, a classic one-hour fairy tale musical, will be performed by the Papai Players Professional Theatre Company Dec. 27 through Jan. 2 at Cutting Hall, 150 Wood Street in Palatine. Scheduled performances are Dec. 27 - 30 at 10:30 a.m. and Jan. 2 at 2 p.m. Ticket price is \$5 and group rates are available. Reservations should be made by calling 359-9556.

### Magic Toy Shop

Once upon a time, a mean old toymaker made beautiful dolls, but refused to give them hearts, or share them with children. When one of the dolls leaves to search for her

heart, the angry toymaker locks all the dolls away. The dolls are saved when the greatest toymaker of all comes to their rescue.

Marriott's holiday favorite, "The Magic Toy Shop," returns to the Theatre for Young Audiences stage through Dec. 30. The schedule varies but, most Mondays through Fridays performances are from 10 a.m. to 12:30 p.m.; Saturdays at 11 a.m. and 1:30 p.m. Individual tickets are \$5.50 and are available by calling the box office at 634-0200. Groups of 15 or more are \$4 and are available by calling 634-5909. Contact the box office for exact dates and times.

## Children's Museum offers guidance

Throughout the holiday season, the Kohl Children's Museum Shop is providing patrons with a free Toy Buying Guide, "Selecting Toys for Your Child." The guide describes the developmental stages of childhood and lists toys which enhance a youngster's development.

The Kohl's Children's Museum is located at 165 Green Bay Road, Wilmette, Illinois. Hours are 10 a.m. to 5 p.m. Tuesday through Sunday. Admission is \$3 per person. For more information, 256-6056.

## Music

### Tribute to King

On Jan. 14 and 15, 1994, the Lake Forest Symphony under the direction of Maestro Paul Anthony McRae will feature world renowned vocalist, William Warfield. Warfield will join Maestro McRae and the orchestra to narrate Joseph Schwanter's "New Morning for the World, Daybreak of Freedom," a special tribute to the vision of the late Dr. Martin Luther King, Jr. Performances begin at 8 p.m. at Rhoades Auditorium, The Chicago Medical School, 333 Green Bay Rd., North Chicago. Single tickets are \$26 and \$20 per person, with the exception of the February performance. Group and student discounts are available. For more information call 295-2135.

### 'Heart of Christmas'

Jim Post, actor/singer/songwriter, will present his Christmas musical story "The Heart of Christmas" at the Woodstock Opera House on Dec. 23 at 8 p.m. Ticket cost is \$10 each and they are on sale at the Woodstock Opera House box office. For tickets or more information, call (815)338-5300.

### Looking for members

The Chain O'Lakes Orchestra is looking for

new members. Rehearsals are Saturday at 9:45 to 11:45 a.m. in the band room of Big Hollow Middle School, Ingleside, at the junction of Routes 12 and 134. Musicians come from several communities in Lake and McHenry Counties. More instrumentalists, high school to senior citizens, are welcome. Especially needed are more strings, low brass and percussion. For more information, call 587-7683 or (815)675-2297.

## Theater

### 'Steel Magnolias'

CenterStage in Lake Forest is holding auditions for their February production of "Steel Magnolias" by Robert Harling from 10 a.m. to 4 p.m. on Jan. 8, 1994 from 1 to 4 p.m. on Jan. 9, 1994 at the Gorton Community Center, 400 E. Illinois, Lake Forest. The play will be performed on February 25 and 26 and March 3, 4, 5, 1994. For more information call the CenterStage office at 234-6062.

### Auditions at CLC

Auditions for the College of Lake County's spring theatre productions will be held at 7 p.m. Monday and Tuesday, Jan. 25 and 26, in the building 5 theatre on the Grayslake campus.

Spring productions include "A Doll's

House" by Henrik Ibsen, Feb. 25 and 26 and March 3, 4 and 5 and "The Heidi Chronicles" by Wendy Wasserstein, April 15, 16, 21, 22 and 23. All performances will be held at 8 p.m. For audition information, call 223-6601, ext. 2550.

### 'Sly Fox'

The Bowen Park Theatre Company announces that the season opener, "Sly Fox" by Larry Gelbart has moved to the Synergy Theatre Center, 1753 N. Damen in Chicago for a six-week run. Performances are scheduled every Thursday, Friday and Saturday at 8 p.m. and Sunday at 3 p.m. through Jan. 9, except Dec. 23 through 26. Tickets are \$12 to \$15. Call 336-5967 for reservations and information.

### '42nd Street'

Marriott's Lincolnshire Theatre presents "42nd Street" the Tony Award-winning best musical, that has become as much of a legend as the famous boulevard it celebrates. The play follows Peggy Sawyer, a chorus girl from Allentown, Penn., who goes on to become an overnight star on the Great White Way. Performances are Wednesdays at 2 and 8 p.m.; Thursdays at 8 p.m. (most include a free steak

or fish dinner); Fridays at 8 p.m.; Saturdays at 5:30 and 9 p.m.; and Sundays at 2:30 and 7 p.m. Senior citizens and students receive \$10 off the regular ticket price Wednesday 2 and 8 p.m.; and Sunday 2:30 performances. Reservations with a major credit card can be made by calling the Marriott's Lincolnshire Theatre box office at 634-0200.

### 'All I Really Need to Know'

"All I Really Need to Know I Learned in Kindergarten," the new stage adaptation of Robert Fulghum's four best-selling books plays through Sunday, Jan. 2 at The Apple Tree Theatre Company, 595 Elm Place, Ste. 210, Highland Park, Ill. Performances are Wednesdays at 7:30 p.m.; Fridays at 8 p.m.; Saturdays at 5:30 and 9 p.m. Sundays at 3 and 7 p.m. Holiday schedule will be Dec. 23 at 3 and 7:30 p.m.; no performance on Friday, Dec. 24; Saturday, Dec. 25 at 8 p.m.; Sunday, Dec. 26 at 3 and 7 p.m.; Wednesday, Dec. 29 at 7:30 p.m.; Friday, Dec. 31 at 5:30 and 9 p.m. (\$30 New Years' Eve ticket includes champagne and party favors); Saturday, Jan. 1 at 8 p.m.; and Sunday, Jan. 2 at 3 and 7 p.m. Tickets are \$20 and \$23. For reservations call 432-4335.

## Special Events

### Evening Prowl

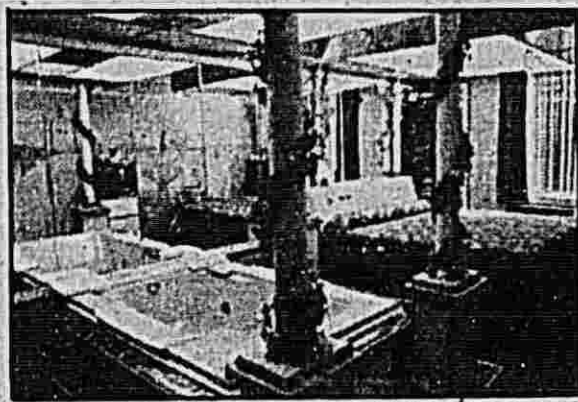

Evening Prowls are an informal look at the night. Watch and listen for coyotes, owls, raccoons and other winter-active animals. The route taken and the time/length of the prowls is influenced by the weather. Expect between 1 and 3 hours. Ages 12 to adult are welcome. Reservations are required; phone (815)344-1294.

### 'Willow Review'

Entries are being sought for inclusion in the April 1994 publication of "Willow Review," the award-winning literary magazine of the College of Lake County. Short fiction, creative nonfiction and poetry will be considered for monetary awards: \$100, \$50 and \$25 in both prose and poetry and \$100 for the cover award. Entry deadline is Feb. 1. For information and submission guidelines, call 223-6601, ext. 2956 or 2550 or write to "Willow Review," College of Lake County, 19351 W. Washington St., Grayslake, Ill. 60030.

We don't "do snow" but we're pretty good at real estate! Have a great holiday season then let's talk.

## Horoscope

**ARIES** (March 21 to April 10) Behind-the-scenes moves are best in business this week. A co-worker may be unduly sensitive or touchy now. Further reflection is needed about a financial concern. It would be wise to do further research about investment options. Make no hasty commitments.

**TAURUS** (April 20 to May 20) A romantic interest may need reassurances that you care this week. A difficulty between a partner and a friend may surface now. Developments from afar are in your favor. You could overlook something of importance. Partnership interests are highlighted in the New Year.

**GEMINI** (May 21 to June 20) A family member may need extra consideration during the holidays. Though this week's business developments will lead to future gains, an immediate task may cause you some difficulty. You're not quite in synch with one friend later in the week. Advice comes now.

**CANCER** (June 21 to July 22) You may feel a child isn't listening to you this week. Try not to get agitated. Instead, throw yourself into the holiday festivities. Plans for travel in the New Year start taking shape now. Mixing business and pleasure is not favored for a while.

**LEO** (July 23 to August 22) You're on the right track where work interests are concerned this week.

New developments are in your favor. Guard against overspending on holiday items. Instead, kick back and enjoy the simple pleasures of home and hearth.

**VIRGO** (August 23 to September 22) To insure relationship harmony this week, you must be sensitive to a partner's needs. Avoid nagging behavior in your quest to have everything "perfect" for holiday entertaining. Romance sparkles over the weekend. Enjoy spontaneous fun.

**LIBRA** (September 23 to October 22) A money situation could be hanging over your head this holiday week. Do not let temperament or hurt feelings undercut work efficiency. The weekend brings favorable home and family developments as you celebrate the holiday together.

**SCORPIO** (October 23 to November 21) A friend may be downcast yet incommunicado. Tact and diplomacy are needed in dealings with children who may be as-

king for a bit too much from Santa this year. The weekend brings creative inspirations. Dating for singles is definitely a plus.

**SAGITTARIUS** (November 22 to December 21) An older relative may need a cheerful holiday greeting from you this week, so be sure to reach out. A shopping expedition leads to a surprise purchase. You're sharp-witted this week but remember to also be tactful. Finish up home projects now.

**CAPRICORN** (December 22 to January 19) Minor friction is possible on the home front but chalk it up to holiday jitters. New ideas make you feel good about yourself as you take stock for the New Year. Social interests are favored now, but a friend could prove to be a bit tiresome.

**AQUARIUS** (January 20 to February 18) You will resent it this week when someone tries to get you to do work for less than your usual fee. Still, your financial picture will brighten in the long run. Be decisive without coming on too strong. Measure words carefully.

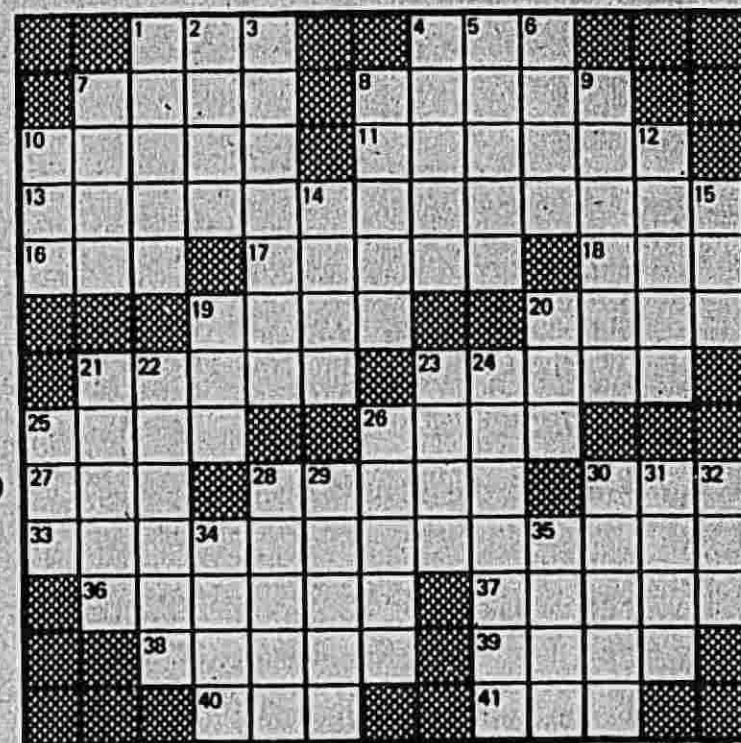

**PISCES** (February 19 to March 20) Some you deal with this week may be temperamental. Avoid getting into a dispute about an ideological matter over the holiday dinner table. The weekend favors social interests. New friendships are likely. A friend entrusts you with a confidence.

# Rwheel World

## In 'Perfect World'

## Eastwood helps Costner's debut

Whoever decided to put two of the biggest male superstars together in a rather ordinary drama called "a Perfect World," has the kind of smarts that make for big box office and great critical acclaim.

Clint Eastwood, who plays second fiddle to Kevin Costner in this one, also directs the picture and gets Costner to do some honest-to-goodness acting, instead of relying on the charisma that made him a superstar for playing himself.

Costner is the not-so-bad guy who takes seven-year-old T. J. Lowther hostage during a police chase. He has escaped from prison, and Eastwood leads the gendarmes in the chase, riding in a 1960s version of a posse, billeted in a bullet-shaped trailer.

As usual, the child steals the picture, but in this case, it's not only his charm, but his fantastic acting talent that makes him king. Just like the Margaret O'Brien of the 1950s, this kid can cry up a storm with sincerity.

Costner and the boy enter into a father-and-son relationship rather quickly, since neither has ever had the real thing.

As usual, Eastwood weaves strong statements in his film, this time ones against child abuse and violence in this sentimental story of a lonely child and a wayward adult who collide and change each other's lives forever.

Eastwood, as the Texas Ranger after the escaped convict, is Gary Cooper, Randolph Scott and Jimmy Stewart all rolled into one in a 1990's sharp-edged wrapper.

Laura Dern plays a tough female criminologist with the

Clint Eastwood and Laura Dern

heart of a social worker, who hopes to come between Costner and the posse's bullets.

Is Costner just an unlucky victim of circumstance or is he a hardened murderer who will think nothing of shooting the child if need be?

The story, though largely predictable, has a few unexpected twists that keep the audience interested, despite a few slow valleys.

Just as the audience confirms the ending, the worm turns during a scene where Costner tapes and ties up a black family after the father has been abusing his own child.

How bad is this guy? "I only killed two people in my entire life," Costner says to the boy, "One was hurting my mother and the other you."

As in "Line of Fire," Eastwood has the panache to laugh at the stereotype tough guy he plays with such amusing scenes as the command post trailer breaking away and getting ahead of its tow, tossing the "investigation" up for grabs as Costner and the boy drive right passed them.

Rated PG-13, it's a good pic for most of the family over the holidays. We give it four out of five stars because of the dull spots.—by GLORIA DAVIS

## Holiday helpers at Wild Bills

Save yourself from the hustle and bustle of the holidays by picking up a delicious pizza or a mouth-watering order of broasted chicken from Wild Bills, conveniently located at 151 E. Grand Ave. in Lake Villa, just south of the water tower next to the railroad tracks one block west of Rte. 83.

The location gives Bills its fun theme of trains, carried through the menu with specialties such as the Railsplitter sandwich, a charbroiled ribeye steak on a toasted onion roll, garnished with grilled onions, mushrooms and mozzarella cheese. For those with a taste for the Southwest, Wild Bills offers the Santa Fe, a marinated chicken breast sandwich served with lettuce, tomato, salsa and Monterey Jack cheese.

Wild Bills is a great place to take the entire family. Everyone is sure to find his favorite on Bills' extensive menu. A limited children's menu lists kids' all-time favorites, and parents will find a variety of sandwiches and burgers as well as "Dining Car Features" including the famous broasted chicken, The "Casey Jones" ribeye steak and several seafood selections. Take the chill off with one of Wild Bills' delicious homemade soups.

Don't forget to check out the daily breakfast, lunch and dinner specials, including prime rib on Saturday and Bills' legendary fish fry on Friday. The latter features their famous potato pancakes, clam chowder, and soup or salad for only \$6.95.

For a quick, delicious solution to the dessert dilemma, pick up one of Wild Bills' famous homemade pies, priced from \$4. Favorites include coconut cream, chocolate cream, apple and berry. Of course, they're also available by the slice.

Regular hours at Wild Bills are 7 a.m. to 9 p.m. Monday through Saturday and 7 a.m. to 1 p.m. Sunday. The restaurant will close at 2 p.m. Christmas Eve and New Year's Eve and will remain closed Christmas and New Year's Day.

Save time during this busy season by calling ahead for your pizza or chicken order or any one of Wild Bills' other mouth-watering selections at 265-1700.

# WHERE TO EAT OUT

## FEATURE OF THE WEEK

## Great dining at The Backyard Steak Pit

Sit back and relax in the Western Style, candlelit, casual dining atmosphere of the Backyard Steak Pit. Whether it is steaks or seafood, Chef Scott Johnson will prepare your meal to order. And, with the huge number of selections, even the fussiest eater will be delighted.

Begin your meal with one of the "Startin' roundups." Topping the lineup is the onion loaf, which is sliced onions deep-fried into a block. The half loaf serves two to three people, while the full loaf serves four to six. Try Chef Scott's secret recipe, the baked potato chowder with bacon. It is out of this world.

According to co-owners Keith Scott and Mike Shannon, they are particularly proud of both the steak and seafood entrees.

"We specialize in steak and seafood," explains Scott. "We also have drink specials throughout the week."

All of their steaks are grilled on an authentic charcoal briquette grill. They hand cut top choice of prime beef daily to assure freshness and quality. All steak dinners are \$14.45 and diners have a choice of Sirloin, Filet Mignon, New York Strip, T-bone, or Ribeye. Dinners include baked potato, salad bar, Texas or garlic toast. For a romantic evening, try the steak dinner for two.

Seafood lovers will be in paradise. The 10-ounce cold water lobster tail served with drawn butter is fresh from ship-to-shore, to you. The filet of cod fish is a loin cut steamed and also served with drawn butter. The menu includes red salmon filet, mahi mahi, and breaded shrimp.

Other treats on the menu include the corral combos. Combinations of lobster and steak, shrimp and steak, ribs and chicken, or ribs and steak. For lighter fare, try one of the grub on a slab sandwiches served with French fries, dill pickle spear, and cole slaw. Priced from \$4.95 to \$5.95, the sandwiches are a real deal.

Wind up your meal with a homemade dessert. A dessert tray is offered to each table with over 6 selections to choose from.

The Backyard Steak Pit has banquet facilities available for parties up to 70 people. Packages are available. Also, a New Year's Special is in the works. The restaurant is open normal hours for New Years offering the same great menu.

The restaurant is open Monday through Thursday from 4 p.m. to 10 p.m. On Fridays and Saturdays, from 4 to 11 p.m., and on Sundays from 1 to 9 p.m.. It is located on 1818 N. Grandwood Drive in Gurnee.

All menu items are available for carry out. Call 356-5200 for more information or for party details.

**How To Survive The Job Search**  
By Nancy Sakol

**Q:** Dear...Search: I was mentioning to someone about an interview I had just been on and how I felt it was a very relaxed interview. I told him that I was able to talk freely and ask many questions. He proceeded to give me a lecture on how during an interview not to speak until spoken to. Totally off base, right? K.W. - Fox Lake

**A:** Dear K.W. There is nothing at all wrong with being relaxed on an interview. Actually, you are fortunate to have been able to experience what you feel was a relaxed interview. No two interviews are ever the same (they are as different as the people themselves). Therefore, if you were able to apply for a position feeling comfortable and relaxed, able to be yourself, you most likely built up your confidence. So whether or not you land this position doesn't really matter. What does matter is that you got something out of that interview - the ability to feel comfortable enough to ask the questions important to you. This is today. Questions are good. People interview employers while being interviewed themselves. For many, it is a key decision maker when making career moves. Do I feel comfortable here? It is important however to be sure that if you have questions to ask, the questions you are asking on the interview are acceptable ones. A pre-planned list of questions is important. If an interviewer asks if you have any questions, you want to be ready. Here are a few questions which I recommend: How long has your company been in business?...Who would this position be reporting directly to?...How many persons does your company employ? Keep away from questions which may make the interviewer feel as though your priorities lie elsewhere. Questions such as: How many weeks vacation do you offer?...How many breaks do employees get in a day?...What are your benefits? There is nothing wrong with talking freely on an interview. If you have something to say...say it. My rule of thumb however is...before you do...be sure that what you are about to say is what you want to be heard.

Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy at 5101 Washington St., Gurnee, IL 60031.

**IN THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF ILLINOIS EASTERN DIVISION**  
Mellon Mortgage Company Plaintiff  
Case No. 93 C-1698  
VS. Don J. Stidham and Florella S. Kininmonth, Defendant  
**NOTICE OF SPECIAL COMMISSIONER'S SALE OUR FILE NO. 25136**  
**(IT IS ADVISED THAT INTERESTED PARTIES CONSULT THEIR OWN ATTORNEYS BEFORE BIDDING AT FORECLOSURE SALES)**  
Public Notice is hereby given pursuant to a Judgement entered in the above entitled cause on August 12, 1993. I, Max Tyson, Special commissioner for this court will on January 10, 1994 at the hour of 9:15 a.m. at the front door of Lake County Courthouse, Waukegan, Illinois, sell to the highest bidder for cash, the following described premises: 329 Highmoor Dr., Round Lake Beach, IL 60073  
The improvements on the property consists of single family, wood frame, two story dwelling with a separate garage. Sale Terms: 10% down by certified funds, balance within 24 hours, certified funds. No refunds. The sale shall be subject to general taxes and to special assessments. The property will NOT be open for inspection. The judgement amount was \$76,070.63. Upon the sale being made the purchaser will receive a Certificate of sale which will entitle the purchaser to a deed on a specified date unless the property is redeemed according to law. For information call the Sales Officer at Plaintiff's Attorney, Fisher and Fisher, 30 North LaSalle, Chicago, Illinois. (312) 372-4784 from 1:00 p.m. to 3:00 p.m., however, under Illinois law, the Sales Officer is not required to provide additional information other than that set forth in this notice.

**HEMLOCK**

Round columns support a welcoming front porch that spans the front of the Hemlock and wraps around to the left. On the second level, two decorative columns flank a dormer with a graceful arched window.

The entry is vaulted to the second floor ceiling and brightened by the overhead dormer. An open balustrade on the right curves up to the second floor where a landing overlooks the foyer. Three bedrooms, each with a built-in desk, share a compartmentalized bathroom on this level. A linen closet, two storage closets and a clothes chute to the utility room below, line the hallway.

Stately columns similar to those on the exterior mark the passageways that separate the living room, entry and dining room from each other and from the informal living areas at the back of the home. The shape of the hearth mirrors bay windows in the dining room and living room.

The family room/kitchen is large and bright. In the family room, skylights add to the illumination provided by windows and French doors. Tropical plants thrive in the garden window in front of the sink and the nook is windowed on two sides. Other features in the kitchen include generous counter space, an appliance center, built-in appliances, a pantry and an eating bar.

A small powder room is just a few steps away, across from a large utility room complete with cabinets, a counter and a closet for hanging up freshly ironed clothes. This room is also accessible from the two car garage, which has extra storage space and a workbench.

The sumptuous master suite has a boxed out sitting bay, ideal for reading, sewing or even a desk. Matching walk-in closets provide abundant storage for clothing. Luxury features in the master bathroom include: an oversized shower, twin lavs, a vanity and a raised spa tub flanked by columns. Sliders open onto a private patio, separated from the deck by a privacy wall.

For a study kit of the HEMLOCK (333-130), send \$9.00, to Landmark Designs, P.O. Box 2307-LP60, Eugene, OR 97402 (Be sure to specify plan name & number) For a collection of plan books featuring Landmark's most popular home plans, send \$20 to Landmark.

# Lindenhurst woman is attacked by ex-boyfriend

by ALEC JUNG  
Lakeland Newspapers

Violence against women keeps coming up, and again a weekend incident starting in Round Lake Beach and ending in Lake Villa was a night of terror for a Lindenhurst woman.

The altercation started at Streamer's Bar in Round Lake Beach where the woman's ex-boyfriend, Randy Holmes, 42, 552 Arbor Drive, Round Lake Park, threatened her with a knife and attempted to force her into his vehicle.

The woman escaped to her car, drove out to Route 83 and was followed by Holmes. She drove into the Deep Lake Hermitage Apartment complex and was blocked from leaving by Holmes.

According to witnesses, Holmes dragged the victim out of her vehicle, pulled her by her hair and held his knife against her. Some people from the bar had followed both vehicles and tried to help the victim.

One of the people trying to help the victim was wounded by Holmes as Holmes was attempting to stab him. Someone in Deep Lake Hermitage called Lake Villa Police.

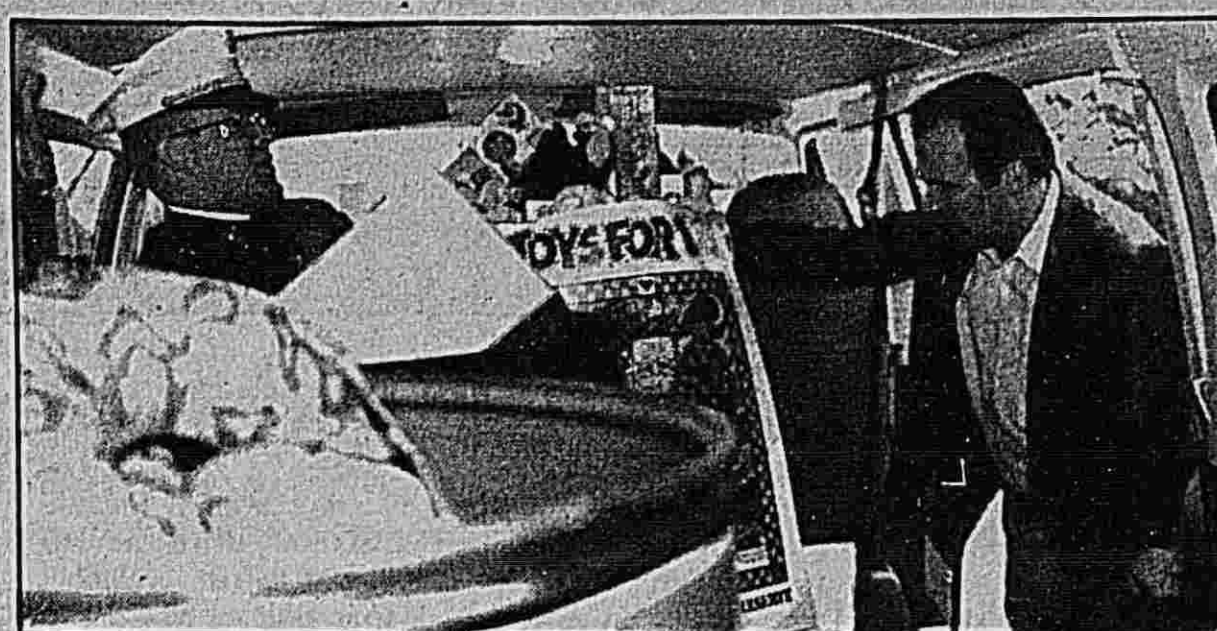

When the officer arrived, he saw the woman and the witnesses and chased the suspect who apparently had driven in the lawn area of the apartment complex. When another officer arrived he was almost hit head-on by Holmes' vehicle. The officer chased Holmes who proceeded to crash into a creek between Deep Lake Hermitage and Lake View Terrace Apartments.

Officers searched the area, but Holmes fled on foot near the creek. Additional units from Lindenhurst and a canine unit from Lake County Sheriff's Department were brought in but could not locate the suspect.

Lake Villa Police have obtained a warrant for Holmes' arrest. He is also wanted on other serious charges including homicide.

The person who was injured was cut in the fingers and treated and released from St. Therese Hospital, according to Lake Villa Police Chief John Debevic.

The police are still searching for Holmes as of Lakeland Newspapers deadline.

## New school or addition?

by TINA L. SWIECH  
Lakeland Newspapers

Attention Gavin School District 37 residents, taxpayers!

On Wednesday, Dec. 29, the newly-formed school board headed by President Philip Mack will hold an important public forum at 7 p.m. at the Gavin Central School on Hwy. 59, across from St. Bede's Church.

Discussion will be on the issue of whether to have a new school built for

Central students or to remodel and put additions onto existing schools.

Twenty-five parents reportedly gathered at a school board meeting on Dec. 21 to hear the board talk about figures on both a new school and the demolition of the current old Central. The also discussed a new entrance off of Wilson and Rte. 59 constructed as well as additions and remodeling to Central, North and South Gavin schools.

## Carmel gymnasts gearing up to defend title

Carmel High School's girls gymnastics team will be spending the Christmas break working on gymnastics, not taking time off from the sport.

"Overall, we have been doing pretty well. We have been fairly consistent, but we will be working on our routines for the second half of the season," Coach Norb Bendixen said.

The defending state champion Corsairs finished fifth at the prestigious New Trier Invitational Saturday. The Corsairs had

134 points in a meet won by Fremd.

Carmel finished third at Rolling Meadows and won two dual matches.

"We have four athletes who we look to for leadership - Amie Zanck, Tanya Holik, Allison Carder as all-around and Becky Ambacher on beam and floor exercise," Bendixen said.

The sixth-year Carmel coach said his team is not as deep as last year's contingent. Sarah Mikrut, one of the stars last year, is competing at Ball State

University. It is too early to tell how it ranks among the suburban elite.

"We have a lot of work to do this Christmas," he said.

Carmel is at the Lake Forest invitational Jan. 8.

Zanck had a fifth place finish on the beam to show the way at New Trier. Her score was 9.25.

Underclassmen who are contributing include: all-arounder Gina Zubert, frosh Kathy Kloczkowski, soph Amanda Blake,

Jenny Rudolph, and Kerry Sullivan among others.

Bendixen operates the Gymnastics Spot in Mundelein. His wife's gymnastics business in Peoria means many long commutes.

Most Carmel gymnasts have participated in United States Gymnastics Federation events. "There is a wide variety of talent at high schools. It is a totally different scoring system," Bendixen said.

## Warren's Woods timely in 'stepping up' in wins

by STEVE PETERSON

Lakeland Newspapers

When "crunch time" comes, Warren's boys basketball team knows who the go-to guy is.

And Friday at Stevenson, that was Jeff Woods. Woods scored nine of his 29 points in the fourth quarter as Warren held on to down Stevenson 59-55.

Dan Ulvila scored seven points, but had clutch rebounds in the final three minutes.

"Dan has been making real nice progress. He has had two real good ballgames," Warren coach Chuck Ramsey said.

Ulvila, a Park City resident, knows his role is to rebound. "I saw myself mostly as a rebounder and to help out the team,"

Ulvila, a six-foot, three inch junior forward, said.

With no starters returning and a transfer Woods from Antioch as the leading scorer, everything did not click for Warren or Woods the first third of the season.

"It took awhile to develop but we have had really productive practices," he said.

Woods had scored 14 points at halftime as Warren could do little wrong in a 30-12 romp.

"I'm a senior and it is about time I stepped up. I just go up there and forget about the miss," Woods said.

Woods acknowledged he was worried as Stevenson rallied for two ties, 50-50 and 52-52. "They had the crowd in the game, Kenyon Catchings was playing well. But

we had faith in the coaches and the systems.

Jeff Weir scored 10 points and held Stevenson star Catchings to 14 points in about half the game.

"Weir did a great job on him," Ulvila said.

Warren had bounced back from a 14-point loss to Lake Forest in which it shot less than 20 percent to beat Deerfield 68-60. Joe Bongratz scored 19 points, Woods led the way with 25.

Warren stands at 5-4 overall, 3-1 North Suburban Conference, heading into the tough Pontiac Christmas tourney. The Blue Devils face Danville to get things started at 9 a.m. Dec. 28.

Peter Ferguson, a junior guard, netted 13

points for Stevenson. Stevenson (1-3, 4-4) is at Wheeling, facing Maine South at 12:15 p.m. Dec. 27.

"There is nothing better than going into the Pontiac tournament off an up note. Now we don't have to turn it around. Now it is polishing things up for the second half of the season and the main stretch of conference games," Woods said.

"The offense really has not changed. It is a motion offense and you have to find a screen. Most of it is moving without the ball. We are starting to move better. If we stand around on offense, we will not be successful," Woods added.

Woods said he has been a slump but has been helped out of it by his coaches and teammates.

## Kessel muscles his way to 3's; Rams fever is catching

by STEVE PETERSON

Lakeland Newspapers

Anyone who has seen Kyle Kessel drive to the basket or get by two surprised close-in defenders knows of his added bulk from last year.

On Friday, Lake Forest found out the added bulk also helps Kessel's outside

**BOYS HOOPS**  
by Steve Peterson

gunnery. Kessel tied a school record with seven three-pointers en route to a 36, yes, 36 point night as Mundelein scalped the Scouts 73-62.

"Definitely. It has increased my range," Kessel, a senior said.

He was popping them home from the top-of-the-key.

Kessel gained 30 pounds of sheer bulk while recovering from back surgery this summer.

The Mustangs won their eighth of nine games with a 22-13 run in the first period. Lake Forest won the second and third quarters. Mundelein also won the game at the free-throw line, making 15 to Lake Forest's eight.

Brian McMahon keyed the inside game with 13 points for Mundelein and Sean

Stackhouse added 10.

There were two thrillers involving area teams Friday. Unfortunately, both Richmond and Carmel came up on the wrong end.

Richmond fell at Hampshire 52-51. Carmel lost at home 56-54 to East Suburban Catholic Conference leader Notre Dame.

"I told the kids before the season that we could be in for close games because no one should blow us out and we don't have the type of team to blow others out," Carmel coach Ben Berg said.

Richmond, 5-5, lost on three technicals.

Grant (6-3, 3-2 Northwest Suburban Conference) bounced back to club Wauconda 67-58 after losing to Grayslake by 21 points. The Bulldogs are on a pace for a school record 75 percent free-throw shooting year, according to Coach Tom Maple.

One team looking to try its luck at the charity stripe is Grayslake. The 8-1 Rams tried less than 10 in lopsided wins over Marian Central and Grant. "Teams have just not been fouling us. Our subs have taken a lot of free-throws, but I would say our starters are over 60 percent," Groth said.

The Rams are looking to make some

hay at the Illinois State University tourney. A win over Rockford Boylan would do wonders for area respect, but Groth and Co. are just concentrating on improving now.

One more Grayslake item: How about those fans. The first home game, it is painted faces. The second, against Grant, it is "GEOFF" spelled out on individual t-shirts for Geoff Sponholtz. And now, the home of the Rams own rooting section, "The Dunk Tank".

Grayslake is led by junior Dave Mandralla's 25 points a game. Sponholtz contributes 16 points and 12 rebounds.

For the best rendition of the National Anthem around, just attend a North Chicago boys basketball home game. Renell Collins has the crowd standing throughout the entire song. High schoolers who sing at their home team's games would do well to obtain a tape of Collins' performances.

And NCCHS gets the nod for the best halftime show, a drill team which performed at intermission of a 71-59 loss to Evanston Saturday.

From the players to watch list: Round Lake's Brett White, a soph who scored 16 points against Wauconda and North Chicago's Willie St. George.

Scouting Report is glad to take a breather during the holidays. The record is 2-3.

Kyle Kessel of Mundelein is ready to drive for two points. Kessel scored 36 points and matched school record seven three-pointers in win over Lake Forest. — Photo by Gene Gabry.

## Zak contributes for College of Lake County

Christy Zink scored 15 points and had eight rebounds, but the effort was not enough to overcome some early mistakes by the College of Lake County women's basketball team.

The Lancers fell at Triton 71-57 Dec. 14 for a 3-6 overall record.

The Lancers are off until the College of DuPage tourney Dec. 29. The first assignment is Elgin at 7 p.m.

"After a slow start, Christy is contributing 10 to 15 points a game and eight to 10 rebounds a game," CLC Coach Don Zeman said.

Zink is a freshman from Round Lake.

The Lancers fell behind 36-21 at halftime against Triton.

"We had 17 first-half turnovers and only six in the second half. But we had dug

*'We had 17 first-half turnovers and only six in the second half. But we dug ourselves a hole with the turnovers.'*

—Don Zeman, CLC coach

ourselves a hole with the turnovers which seemed to lead to their fast breaks," Zeman said.

CLC is led by Heather Ford's 12.6 points per game. Amy Scharlau is at 10.5. Both are Wauconda graduates.

The Lancers are hoping for a better January than in 1993, when they lost seven straight games. "It can't get any worse," Zeman joked.

CLC begins Skyway Conference play at Wauabonsee Jan. 6.

CLC is trying to put an emphasis on shooting. "What has killed us in our losses is team field goal percentage. We are only shooting 34 percent and that is not going to get us the victories we want. We have to establish patience," Zeman said.

## Koseor wins football letter at St. Norbert

Sophomore Rick Koseor, a Carmel High graduate, earned his first varsity letter as a member of the Green Knight football team at St. Norbert College.

He was a defensive back and played on special teams.

The De Pere, Wis. school finished at 6-3 overall and had 34 takeaways. The Green Knights outscored the opponents 261-234.

Koseor is a Fox Lake resident.

## Carmel falls in thriller

Basketball fans looking to see 30 points by a star player or a "triple double" may do well to stay away from Carmel High this season.

But for those who enjoy a workmanlike performance by players with complementary skills and exciting games to boot, the Mundelein school is the place to be.

Carmel gave East Suburban Catholic conference leader Notre Dame a run for its money before falling 56-54.

It took two free throws by the Dons' Jeremy Schoenecker to seal the win with 2.5 seconds left.

"He was four-for-six before that, so I thought he would make one of the free throws," Carmel Coach Ben Berg said.

Brian Buckingham scored 12 for Carmel, Dan Stasiak had 11 and Tom Drennan nine.

"We do not have a player who can score 20-25

points, but we have several who can score six to 14 points," Berg said.

Buckingham, a six-foot, one inch junior, had three three-point baskets. "Buck is a streaky type player. But he is a good defensive player. He always guards the other team's toughest perimeter player, so he leaves his mark offensively or defensively," Berg said.

The Corsairs come into the Kankakee tourney next week at 3-6 overall. "I think we could easily be 4-5 or 5-4. We have been very successful against a tough schedule," Berg said.

Carmel is shooting 35 percent from the field. Stasiak, a third-year varsity player, leads with 12 points per game.

The small Corsairs have fared well in rebounding, according to Berg. "We only lost the rebounding battle by four. If we come close to teams in rebounding, we can do so many other things well," the first-year coach said.

## MICHAEL FOHRMAN OF FOHRMAN DODGE

Here's one that may surprise you... Did you know that John Madden, now a TV football announcer, but formerly coach of the Raiders in the NFL, won a higher percentage of games than the legendary Vince Lombardi... Here are their career records as head coaches in regular season games in the National Football League... Lombardi won 96 games, lost 34 and tied 6 for a percentage of .728... Madden won 103, lost 32 and tied 7 for a percentage of .750.

Of all the football stadiums in use in America today, which one is the oldest?... Answer is Harvard Stadium, which has been used every year since 1903.

Did you know that 5 of today's National Football League teams had different nicknames when they started?... The Washington Redskins original nickname was Braves... The New York Jets started as the Titans... The Chicago Bears first nickname was Staleys because they were sponsored by the Staley Starch Co... The Kansas City Chiefs' franchise originally was in Dallas where the team's nickname was Texans... And the Pittsburgh Steelers began in 1933 as the Pirates and didn't become the Steelers until 1940.

I bet you didn't know...

## Ride the rails to the slopes!

by JIM WARNKEN, PRESIDENT  
 NORTH STAR TRAVEL, INC.

There are a couple of ways to get to Colorado's Winter Park ski resort.

You can fight the traffic to O'Hare Field, try and find a parking space, rush to check your skis, and run another two miles to your gate for the flight to Denver. At Denver, you claim your luggage and take a two-hour bus ride to the ski resort. Feel rested and ready to ski? Let's explore another way.

Last week, I took a 1:02 Metra train from Grayslake to Chicago's Union Station and walked about 100 feet to my Amtrak train to Winter Park, Colorado. A "Red Cap" took my luggage to my sleeping car. We left Chicago at 2:55 p.m. and arrived right at Winter Park the next morning, relaxed and ready to ski. Some members of my group were on the slopes within 45 minutes of arriving!

So you ask, wasn't that long train ride boring? Not on your life! As I mentioned, I did have a coach seat, I would recommend paying the extra money for a private room. Not only do you have a comfortable bed with meals included, but the little extras of being served coffee, juice and a newspaper in bed make my day.

You also have a whole train to "play" on. Your meals are prepared fresh on the train and served in a comfortable dining car. My favorite place was the sightseer lounge, rather than watching the movies (shown twice a day). I enjoyed looking out the large picture windows at the magnificent scenery. From Denver to Winter Park, we saw deer, mountain sheep and went through 29 tunnels - one over six miles long!

Next week, I'll report on what Winter Park has to offer and even why one of the mountains at Winter Park is named "Mary Jane".

## Rams boys looking forward to ISU tourney challenges

Plenty of basketball teams have had one or maybe even two starters shine.

But to have talented other starters able to compliment the stars, and subs come in who could start for lesser teams, those are ingredients champions are made of.

Grayslake has displayed all of the above in winning eight of its first nine games. The Rams' streak of eight straight includes five against fellow Northwest Suburban Conference teams.

The Rams are looking forward to Rockford Boylan at the Illinois State University tourney. The Rams and the Titans square off at 9 a.m. Dec. 27.

"We are looking forward to playing Boylan. Of the last six games, our starters have only played two full games. They have played two to two-and-one-half quarters in the others and should be well rested," Rams Coach Greg Groth said.

Boylan scouted the Rams' 21-point win over Grant. Grayslake was ahead by 30 points at one time in an 80-59 shellacking of Marian Central Friday.

The Rams' Dave Mandralla led the way with 24 points while the man-in-the-

middle, Geoff Sponholtz, added 22 against the Hurricanes.

Mandralla, a junior, and Sponholtz, a senior, average 25 and 16 points a game, respectively. Sponholtz leads Rams rebounders with a dozen a contest.

Brian Stetch and Jason Horvath, five feet, 11 inches and six feet, two inches, add bulk in the middle. "Horvath has come a long way," Groth said.

Horvath had 10 points against Marian Central.

Todd Alfred scored nine against Marian Central, but has shown his capability to score in double figures, such as 15 against Grant.

John Miller, John Parr and Jason Madole are subs who have been seeing much playing time of late.

Groth said his team's defense "has been getting better. We are still working on weakside defense. The starting five plays defense as well as anyone I have ever coached. That is especially with our size."

Against Marian Central, Grayslake's offense exploded for a 26-10 third-quarter run. Grayslake led 64-37 after three.

## Sequoits' superior stamina pays off in wrestling victory

by STEVE PETERSON

Lakeland Newspapers

Chris Haag took to the mat against Libertyville with the North Suburban Conference dual meet battle still in doubt.

Even when the senior trailed the Wildcats' Seth Aldridge 6-3 after two periods, Antioch Coach Ted Sieckowski was not particularly worried.

"I was not very nervous because Chris seems to have better endurance than anyone. He does aerobic running after practice and that pays off," Sieckowski said.

Haag did indeed rally for an 11-7 win and Mike Shea downed Bob Strykiewicz 8-1 as Antioch prevailed 27-23.

Antioch followed the win before a big crowd at Libertyville with a fourth-place finish at Glenbrook South Saturday. Haag gained second and 140 pounder Jim

Stevens won his weight class.

"Getting a couple of pins early at the lighter weights was really important," Sieckowski said of the Libertyville match.

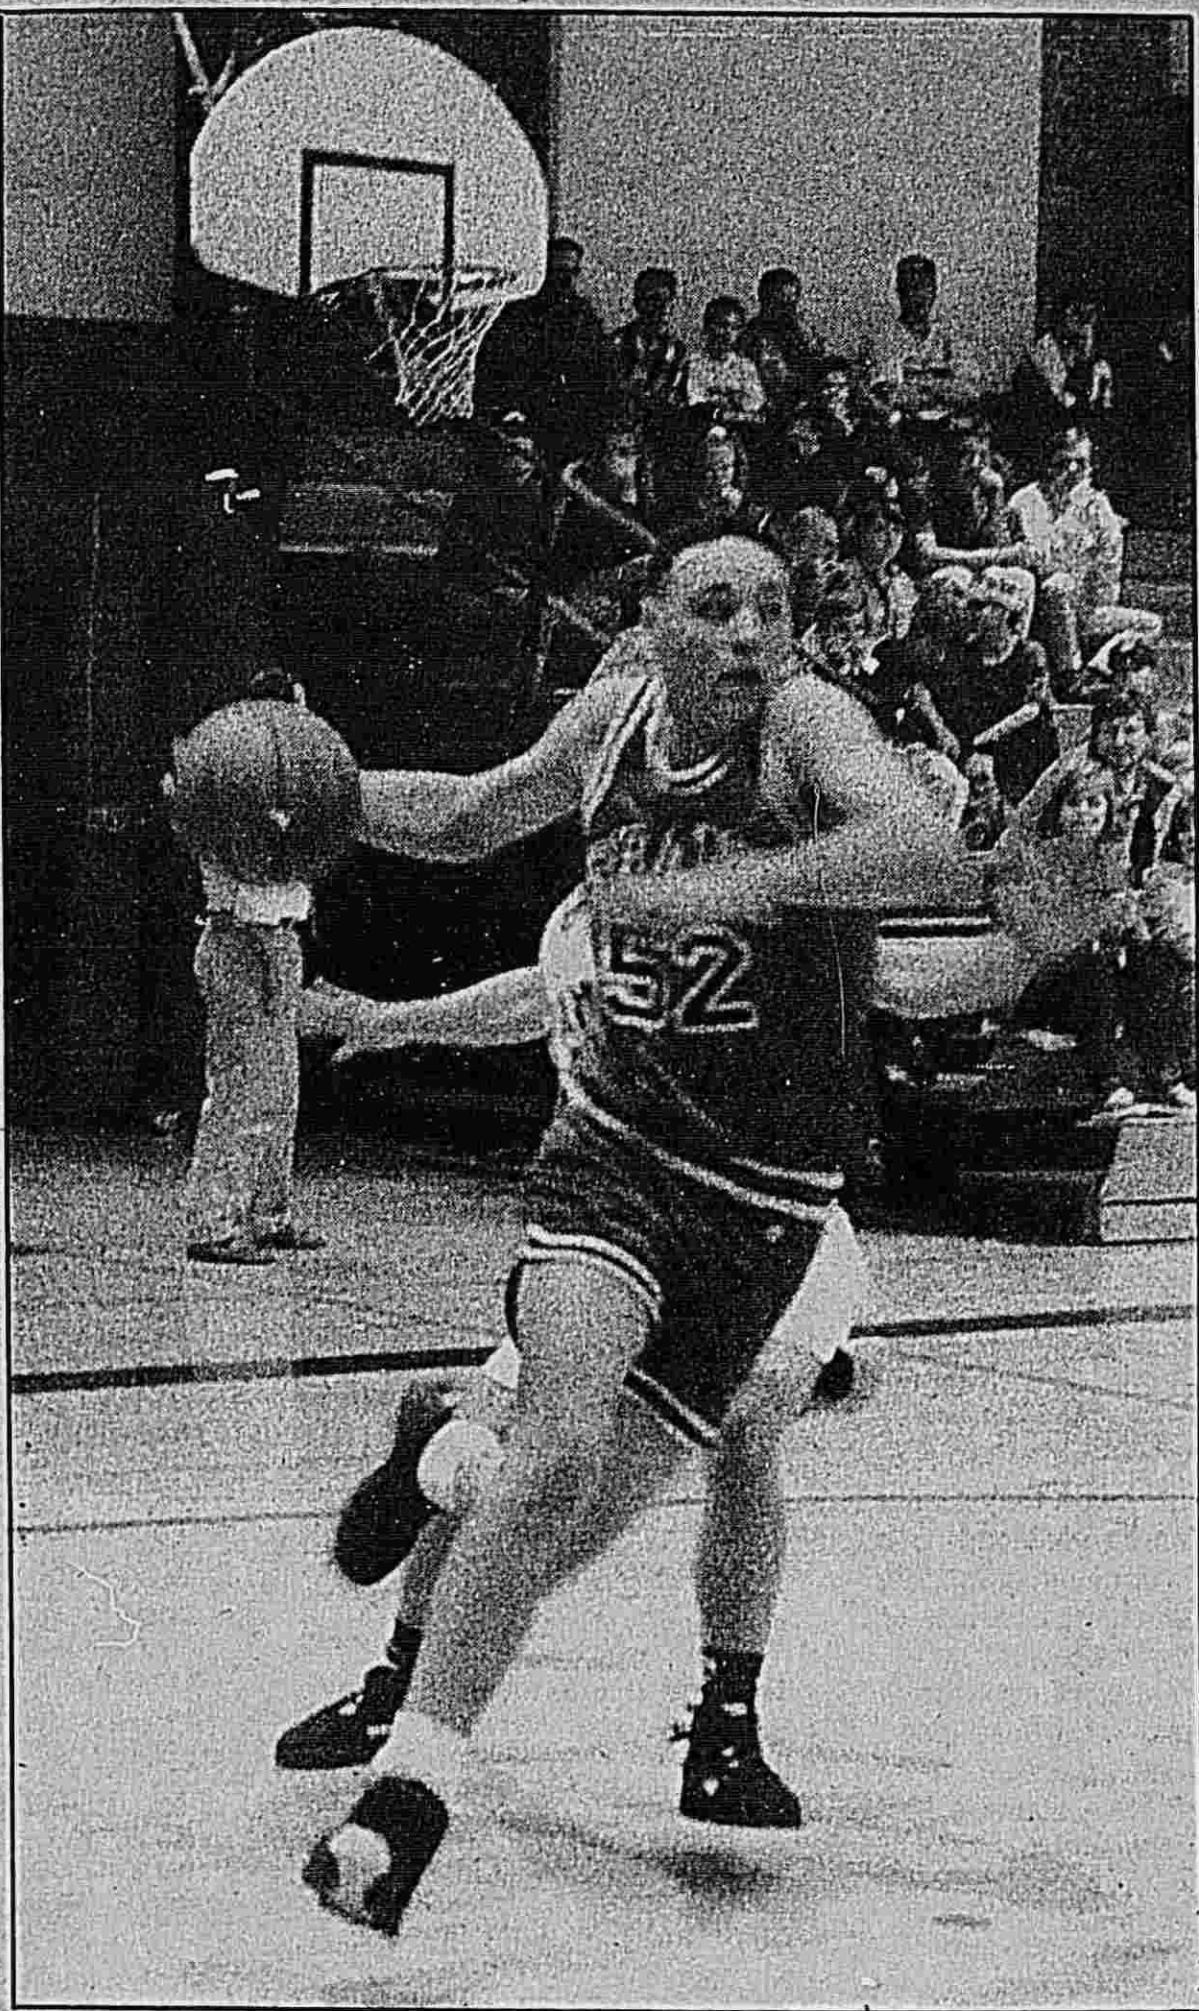

Lucas Dyer started the match off well for Antioch (5-1, 4-0 NSC) with a pin over Brian Farr in 3:20. His brother, Justin, took 112 pound class with a 6-2 decision over Ryan Pearson. Steve Zalapi continued the trend for Antioch with an 11-8 win over Brian Devanie.

Libertyville began its dominance of the middle weights. Mike Vodicka downed Stevens 10-8 in a surprise.

"Stevens had taken too much pressure on his shoulders. He was so nervous, he was zapped," Sieckowski said.

Jason Breen of Antioch took 145 with a 10-5 win over Scott Stosck.

Libertyville then won the next three weight classes by decisions.

## Mathewson scores hatrick

Lindenhurst Royal Eagles Under-10 soccer team downed the Lake Forest Bulldogs 5-1 at Soccer Enterprise in Highland Park.

Kevin Mathewson led the Eagles with a hat-trick, and Ramesh Kumar and Ryan Meyers added a goal each. The Eagles used good passing to control the game and created many scoring opportunities with aggressive work in the corners. Adam Placko set up three of the

goals, and Kaleb Barrett and Erik Carlberg each had an assist.

A solid goalkeeping effort

was turned in by the trio of Adam Jordan, Tom Woodruff and Nate Rimkus.

## Eagles fall

The Lindenhurst Royal Eagles under-10 soccer team lost to the Glenview Colts, 5-4, at Soccer Enterprises in Highland Park last weekend.

The Eagles jumped out in front on goals by Kaleb Barrett, Kevin Mathewson, Ryan Myers and Michael Persman. But the Colts began a dramatic comeback by cutting into the Eagles' lead for a 4-2 halftime score. Defensive lapses by the Eagles allowed Glenview to tie the score early in the second half. With momentum in the Colts' favor, they scored the winning goal with five minutes remaining, handing Lindenhurst its first loss of the indoor season.

In spite of the tough loss there were also good performances turned in by Adam Placko, Ramesh Kumar, Adam Jordan and Matt Bolter.

## Kane strong for gymnast

The Libertyville varsity gymnastics team logged another win against the Antioch Sequoias.

Wendy Gold put in her usual strong performance for the Wildcats, taking first place (9.5) on the vault, first place (9.2) on the uneven bars and tying for second place (8.4) with Antioch's Jessica Kane on the balance beam.

Libertyville's Kristan Shawgo took second (8.8) on the vault, followed by

Wildcat Beth Green in third (8.7).

On the uneven bars, Diana Grassfield scored 8.8 points for second place behind Gold. Kane took third place with a score of 8.4.

On the balance beam, Grassfield placed first (8.6), followed by Gold and Kane and Erin Gould and

Shawgo, both of Libertyville, who tied at 8.2.

In the floor exercise competition, Shawgo took first place (9.3), followed by Grassfield (8.9) and Gould (8.8).

The Wildcats take a break and resume competition 5 p.m. Thursday Jan. 6 at Stevenson.

## ADVERTISING SALES EXECUTIVE

Lakeland Newspapers, Lake County's largest weekly newspaper group, is seeking a uniquely qualified sales representative for the Northwest Lake County area. The candidate will be responsible for field sales as well as customer service, and must be assertive, energetic, responsible, self-motivated and work with a minimal amount of supervision. Variety comes with this position and the ability to juggle a lot at one time is necessary. If you have these qualifications, love to meet people, love sales and are community minded, I am interested in talking to you. Previous sales experience is a must. Call

# Rams' NWSC foes adjust to Grayslake

by STEVE PETERSON  
Lakeland Newspapers

With the exception of a scoreboard, everything was picture perfect for Grayslake during three quarters of a Northwest Suburban Conference clash with Grant.

The Rams dominated the Bulldogs 76-55, improving to 7-1 overall, 3-0 in NWSC play.

Grayslake's Todd Alfred complemented Dave Mandralla with 15 points. Mandralla had 25 on six field goals on six field goals and a three-pointer.

"He is like any of their guards. They are interchangeable on any given night. I told the kids any one of them will hurt us," Grant Coach Tom Maple said of Alfred.

Once again, the Rams showed they could recover from a fast start by an opponent. Grant, using pull-up jumpers from five to eight feet, burst out to a 24-14 lead after one. The Bulldogs were held to 31 points the rest of the way.

"Our kids make pretty good adjustments. We have pretty good speed. This was a better ballclub than we have played against in a while. People come out against us and see the size of our guys and play with confidence. The adjustments make all the difference in the world," Grayslake Coach Greg Groth said.

"I do not think anyone can stop us by stopping one person," Groth said.

John Miller, a golfer at GCHS, had six second-half points off the bench. He can thank a volleyball coach for his larger role.

"One of our former coaches (Dan Stacey) came into the locker room at halftime and said we should make an adjustment and we did. Miller is an outstanding shooter; they were playing a zone against us," Groth said.

Miller is always ready as he watches the starters play.

"Coach says always be ready. Coach always says you are only as strong as your 16th man. We picked up the intensity a little bit," Miller, a senior, said.

"The kids have been pretty confident. We have to beat everyone two more times," Groth said.

Grant was led by 15 points from Bill Richards in what coach Maple termed a strong outing. Mike Ingram had 14 points. Kurt Filiatreault, coming off a 28-point outing in a 63-60 win over McHenry, was held to seven.

"For more than a half, we stayed with them. After that, they definitely showed they are a better team than us. When we meet them down the line, we'll catch up and do the things they are doing," Maple said.

Maple hoped going in to the game his team would reduce turnovers against pressure and it did. "We feel we have to

go in and out rebound teams we have the size advantage on. We did not do that. The second half they out-rebounded us 16-12. We did not go to the boards, they did," the coach said.

A loss to Johnsburg put the Bulldogs behind in the league race going in. Grayslake started cold, making only 5-14 first quarter shots. Grant led 24-14 on a fastbreak basket by Richards.

The lead was 26-30, Grant, when the first turning point occurred. Grant's Ingram was charged with a technical foul. Mandralla, after missing the first free throw, made the next three, cutting the lead to five.

An outside jumper by Mandralla gave Grayslake a 29-28 lead, forcing a Grant time-out.

The rest of the quarter was see-saw, with Grant leading 35-34 at half-time.

A tip-in by Mandralla gave the home team a 45-40 lead midway through the third. A 9-4 Grayslake run led to a lead of 15 points.

"We did not shoot the ball well. If we don't rebound, or don't put easy ones in, and we have a comparable foe, they might just beat us by 20. When we had a chance to tighten things up and make ballgame out of it, we missed the two-footer time after time after time," Maple said.

"We did not get a whole lot of help from the perimeter," Maple said.

## Pak, Dukowitz make mat changes, look for improvement

One Grayslake wrestler will be looking to change weight classes while a Warren wrestler is hoping his steady improvement continues.

That will be the case for Grayslake 160 pounder Eddie Pak, who will switch to 162 pounds next week, and Rod Dukowitz, a Warren junior at 140 pounds.

Warren and Grayslake both lost two matches in a dual meet set-up at Warren Saturday. Warren's best outing was a 39-32 loss to Jacobs. Grayslake fell to Jacobs 56-16 and to Palatine 51-6.

"He is doing better and better. He had a tendency to score points both for himself and his opponent," Warren Coach Mark Tiffany said of Dukowitz.

Dukowitz had earned a pin against

Lake Forest and a forfeit against North Chicago as Warren won both dual meets Friday.

Dukowitz has been wrestling since his freshman year. He admits the start was "pretty tough. I hyper extended my arm but now I feel fine. The whole team has helped me out. I hope I do well," Dukowitz said.

Pak lost to a state qualifier from Palatine at 160 pounds by a slim 8-5 margin. He won by a 21-8 decision over Jacobs.

"He now knows what it takes to win close matches," Grayslake Coach Eric Skoog said.

Pak is ready for the switch to 152 at a Dec. 30 meet at Marengo with Richmond-Burton and the Carmel invite Dec. 31.

"I'm looking forward to it," he said.

Pak, most valuable player on the football team, lifts weights at Chandler's Gym in Lindenhurst each off-season. The senior has set lofty goals for himself.

"I want to place in state or take it," Pak said.

The Rams have been impacted with players leaving the team this year. Two more left the squad last week.

"The freshmen will have to become men in a hurry. We may have to re-focus our goals to the individual," Skoog said.

Chip Jensen at 125, Nick Day at 130 and Chris Walls at 189 have shown promise.

Joe Kerns lost a close 7-3 battle to defending state champ Dan Collins of

Palatine at 119.

Tiffany was pleased with the way Warren squared off against Jacobs.

"I thought our kids wrestled pretty well. We forfeited four classes and lost 39-32, so we out-wrestled them," Tiffany said.

In the dual meet wins Friday, in a 53-15 win over Lake Forest, Jeff Ray won by pin at 135; Kevin Oldham won by decision at 145; Dave McLellan won by major decision at 160 and Jake Reichert won by pin at heavyweight.

Warren downed North Chicago 66-7. Warren is at the six-team Racine Horlick tournament Dec. 30. North Suburban Conference action resumes at Mundelein Jan. 7.

IT'S THE TALK OF THE TOWN

**Lakeland  
Newspapers**

(Continued from page 20)

## Long wait

The way I understand it, everyone's name is put into a hopper for a parking permit at the train station in Libertyville. It doesn't matter where you live, it is just a first come first serve deal. When I got on the list I was told it was a five year wait. I hope to get one next year. You are just misunderstanding things.

## Can't get away from cars

I think the planned Rockenbach facility will be another disaster with all the parking lots and cars. I moved up here to get away from those things, and now they are just coming up the street.

## Move your cars

I am a volunteer fireman from Round Lake. I carpool with a guy in Ingleside. I noticed people have started parking their cars along the side of the road where there are no curbs. If I have to bring my fire truck up there, I couldn't do it. This is on High Road. I feel sorry for anyone whose house catches fire.

## Pay it yourself

Mayor Davis, if you don't want residents to know what you charged on your American Express Card, perhaps you should pay it yourself instead of the taxpayers.

## Crimeless is good

This is in response to "Crimeless." Although I am not a resident of Lake Villa, that person must be out of his mind. You should feel fortunate that the crime rate is low in Lake Villa. They do more than just write tickets. They always help out the rescue squad. I think the police do a wonderful job.

## Anti-BEST

BEST is not a watchdog group. They are a cancer spreading false information which resulted in the failure of the ACHS referendum. BEST offers no solutions, they are just critical. Because of their efforts 300 kids could not participate in sports and activities. If you care about a quality education for your child, vote against BEST and vote yes for the ACHS referendum. PS: I wonder if Lakeland Newspapers will print this since they seem to side with the BEST group.

*Editorial note: Dear reader, just last month we were accused of engaging in witch hunts against BEST. We must be doing a good job remaining neutral.*

## Torture defined

Torture is behavior of the maniacs of the Animal Liberation Front (ALF), those folks who started the fires downtown. The same people who break into animal laboratories and release animals who have survived only through caretakers. They are released into the environment to fend for themselves, a certain death. Torture is a family being told that necessary medical research cannot be done. That is torture.

## Change the bulb

I live in Island Lake and think it is a shame that no one has bothered to change the burned out light bulb on top of the watertower. It is a beautiful landmark. Come on, replace the light bulbs.

## Talk to the chief

People that complain about the Lake Villa Police Department should talk to the chief before putting their mouth in gear.

## Christmas cheer

I would like to thank the Antioch Lions Club. They just came to my door with a basket of food and a gift certificate so that I can get my daughter a gift for Christmas. They really go out of their way for people less fortunate. Thank you and Merry Christmas.

## Can't buy shoes

I see that we have another restaurant/tavern opening up in Wauconda. We can't get shoes or clothes. Come on board, get us some retail instead of another place to booze it up.
